D2: actual TRAIN optimization feedback and full VAL history; one locked BASE

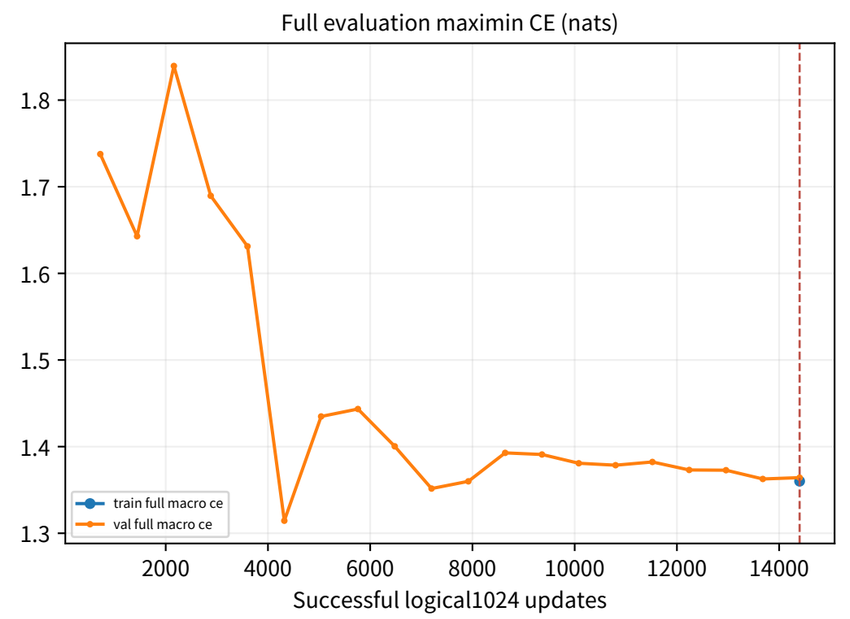

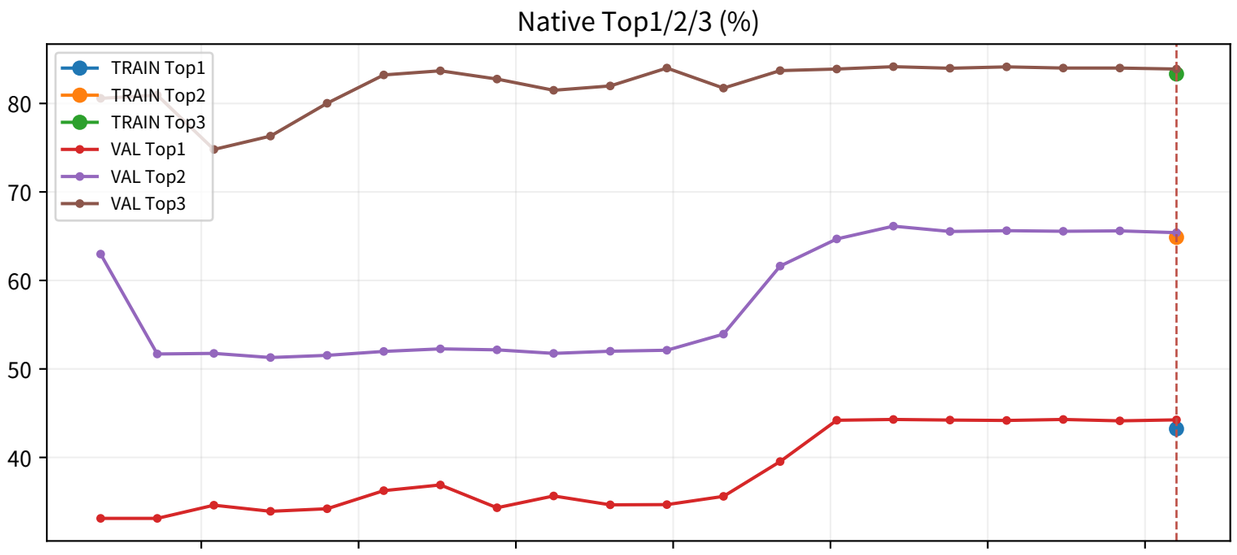

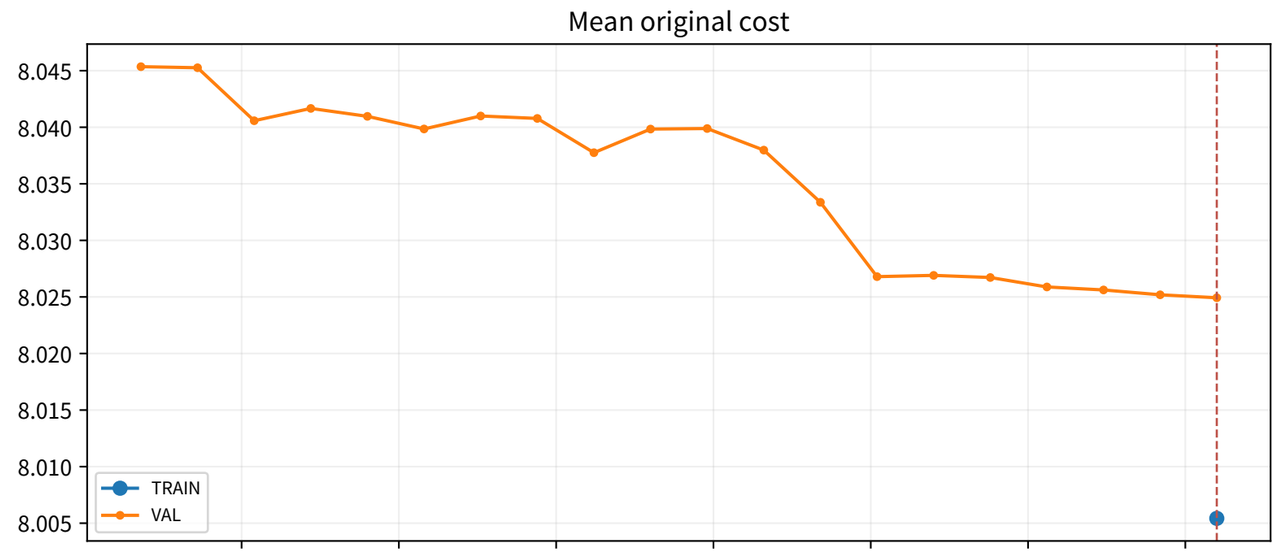

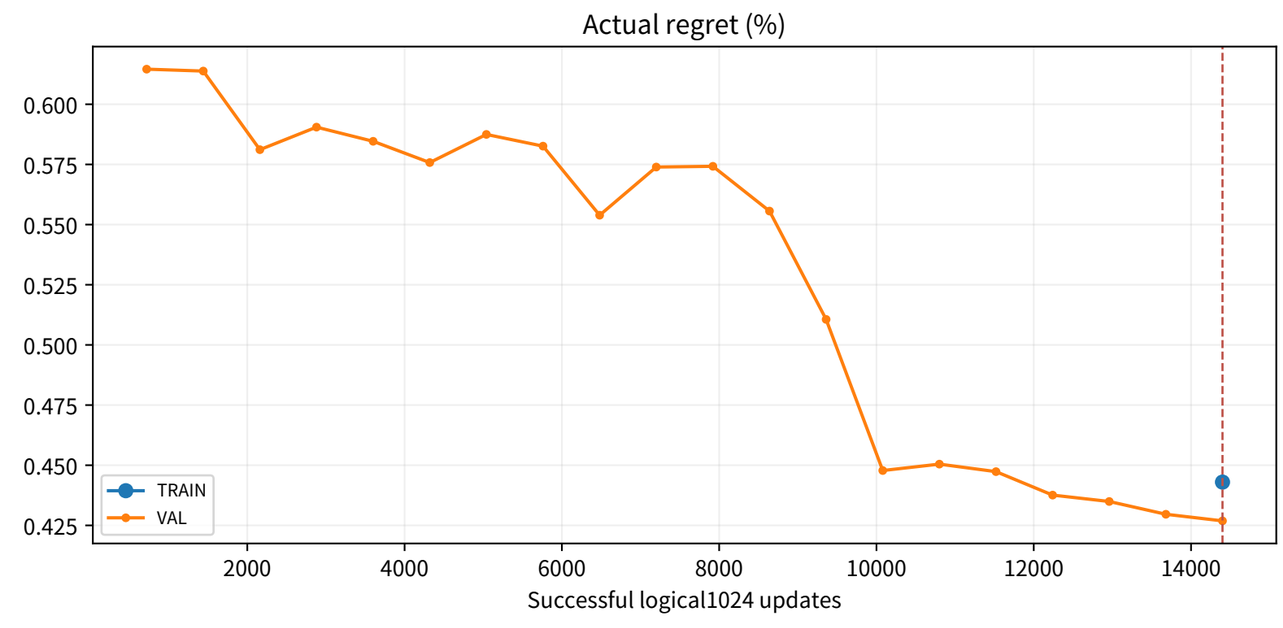

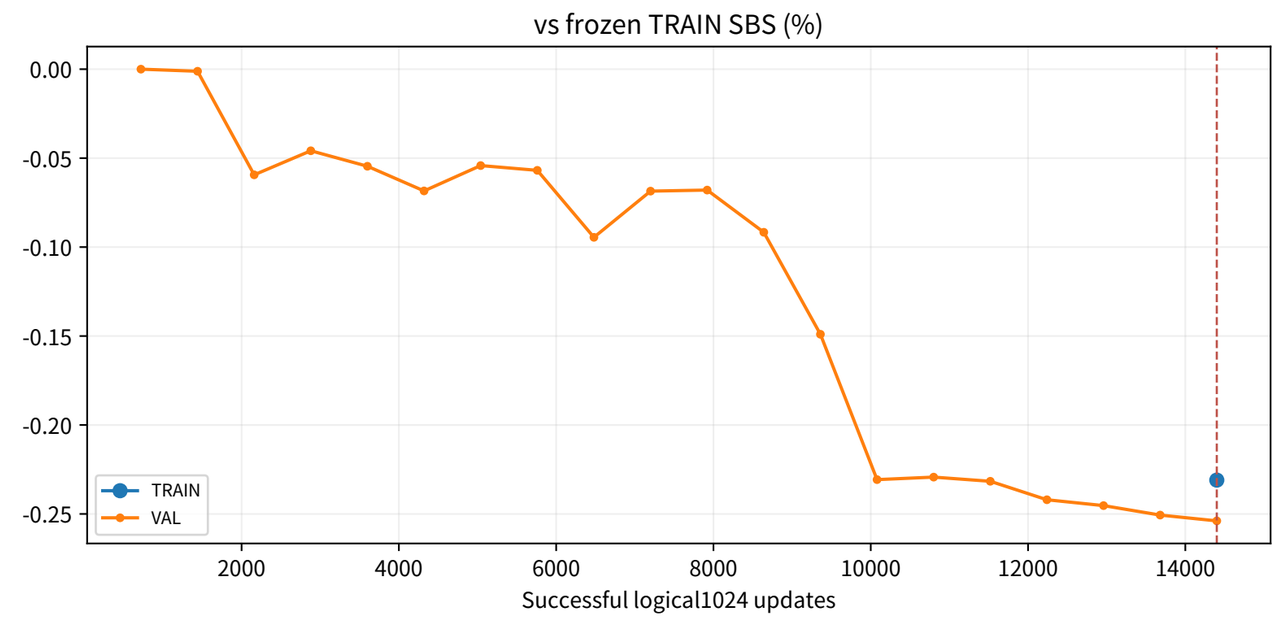

Sampled TRAIN feedback is NOT full TRAIN evaluation. Full TRAIN points exist only where actually saved. No interpolation or TEST/LIB selection.

R122/model | TSP | actual saved full TRAIN/VAL evaluations

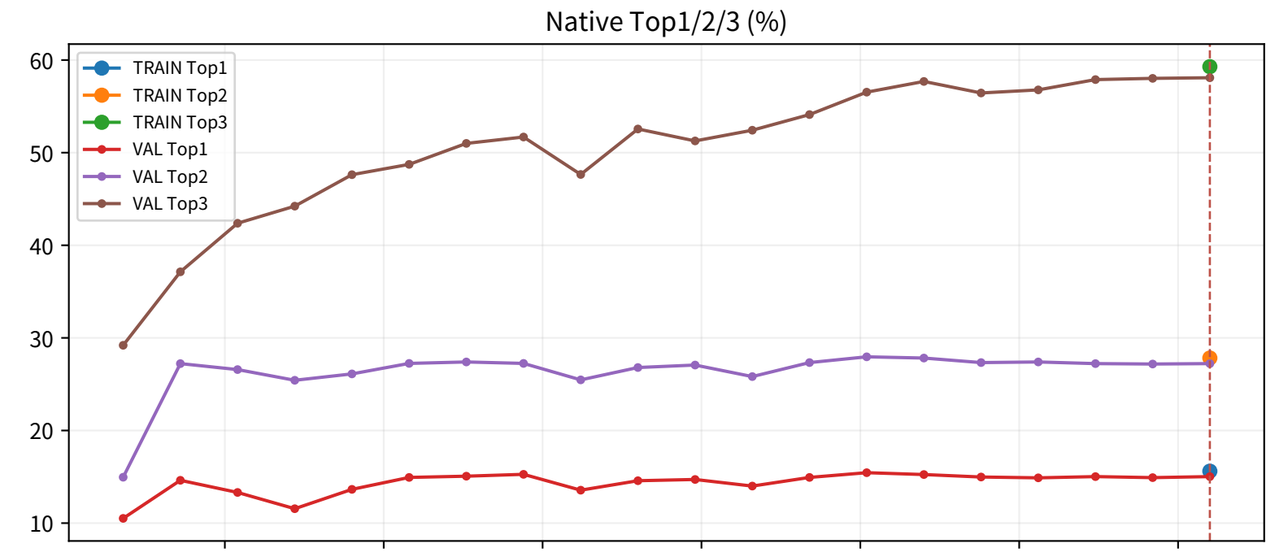

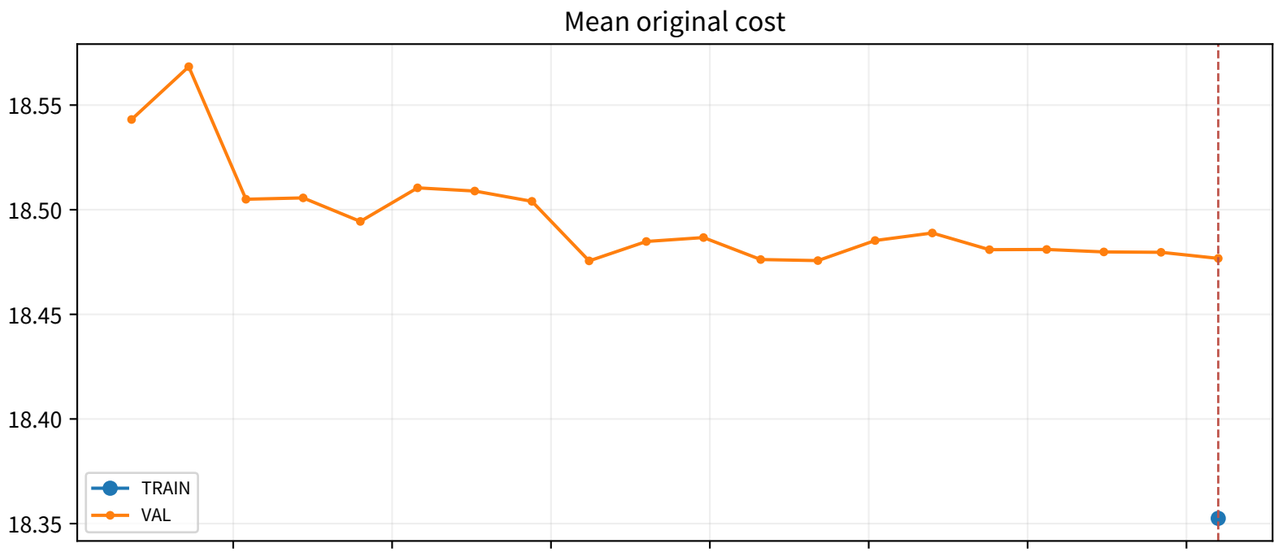

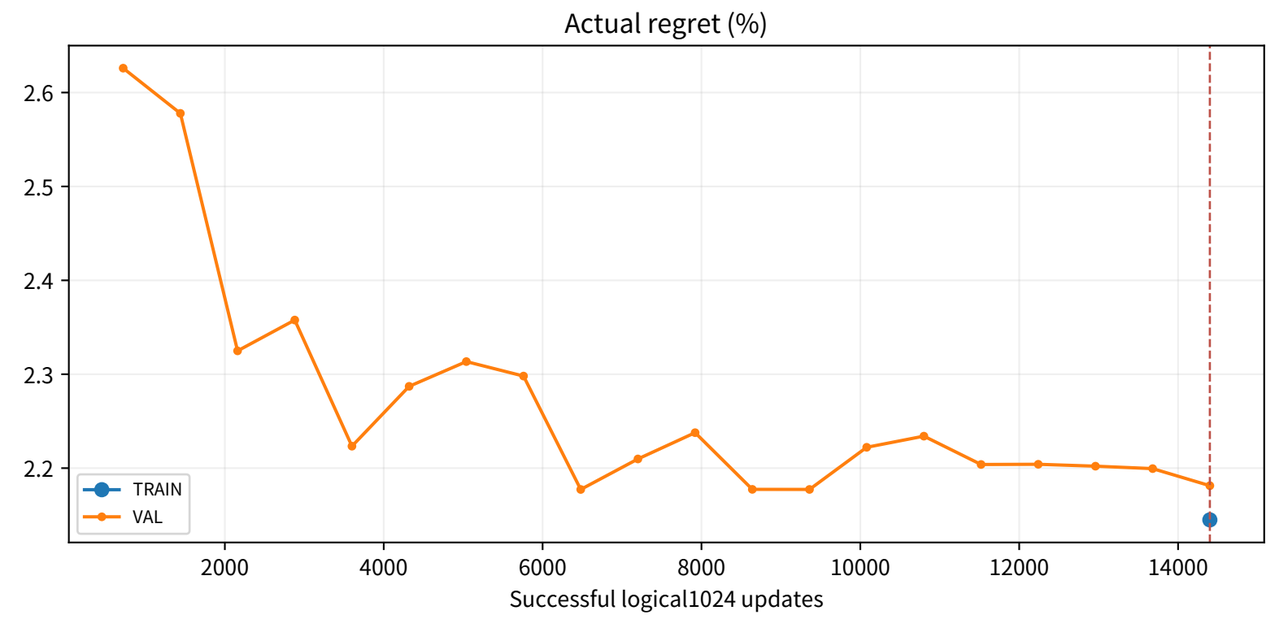

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | CVRP | actual saved full TRAIN/VAL evaluations

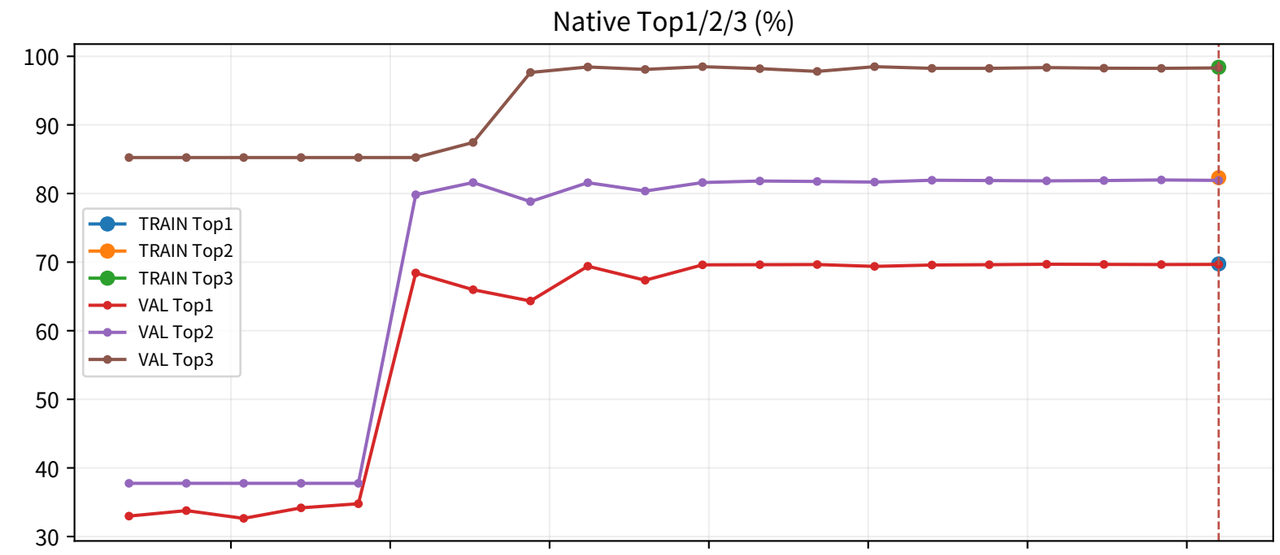

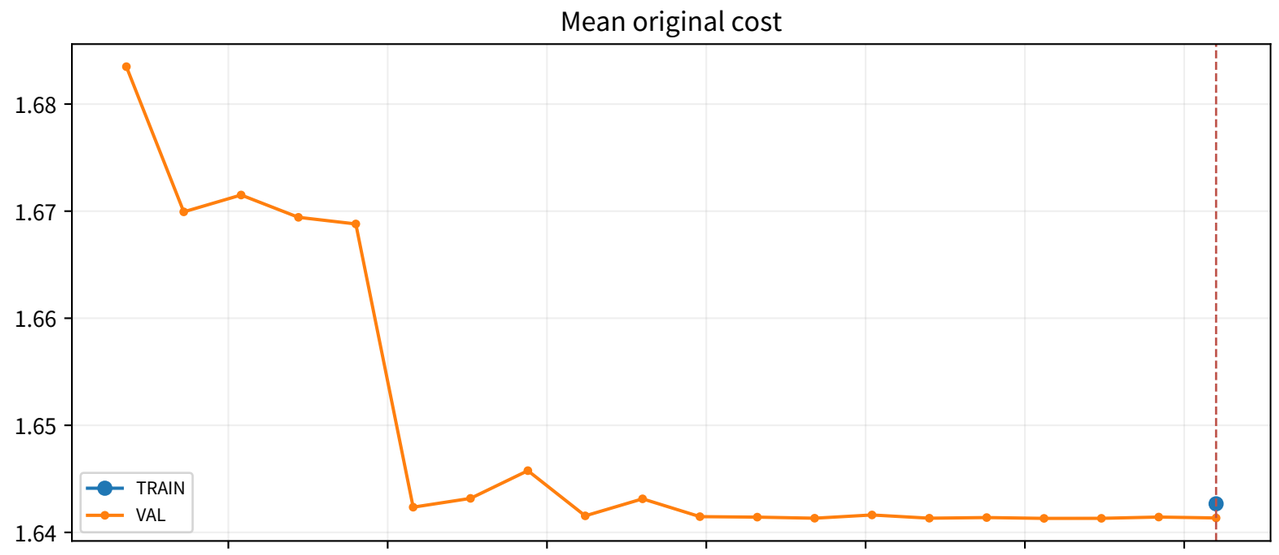

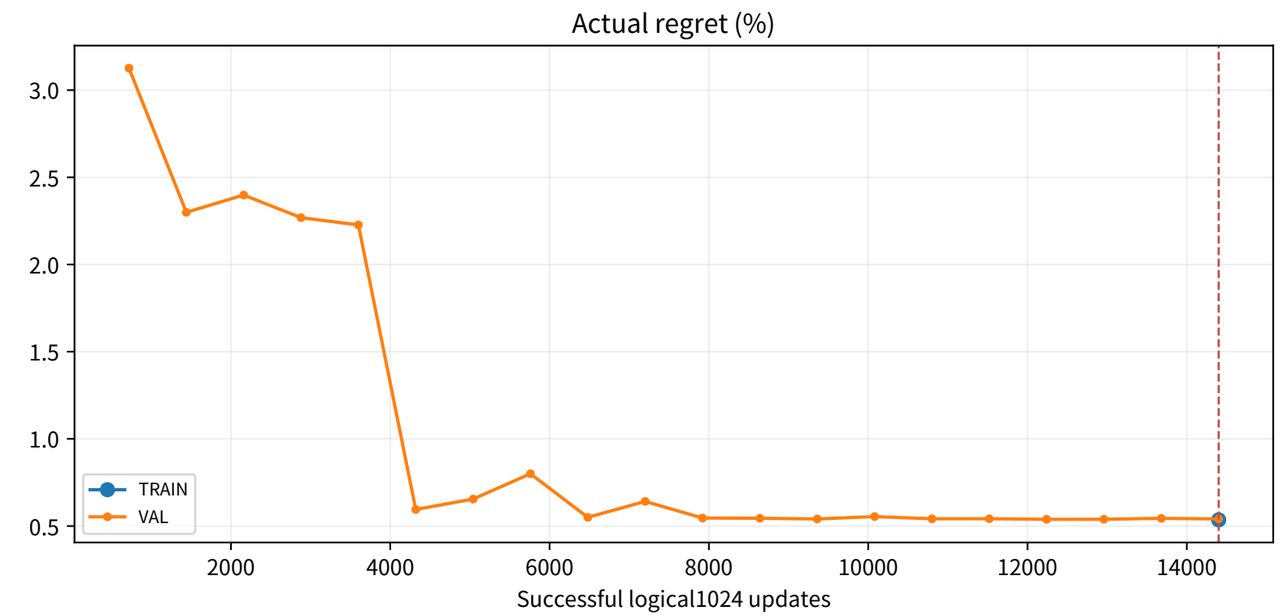

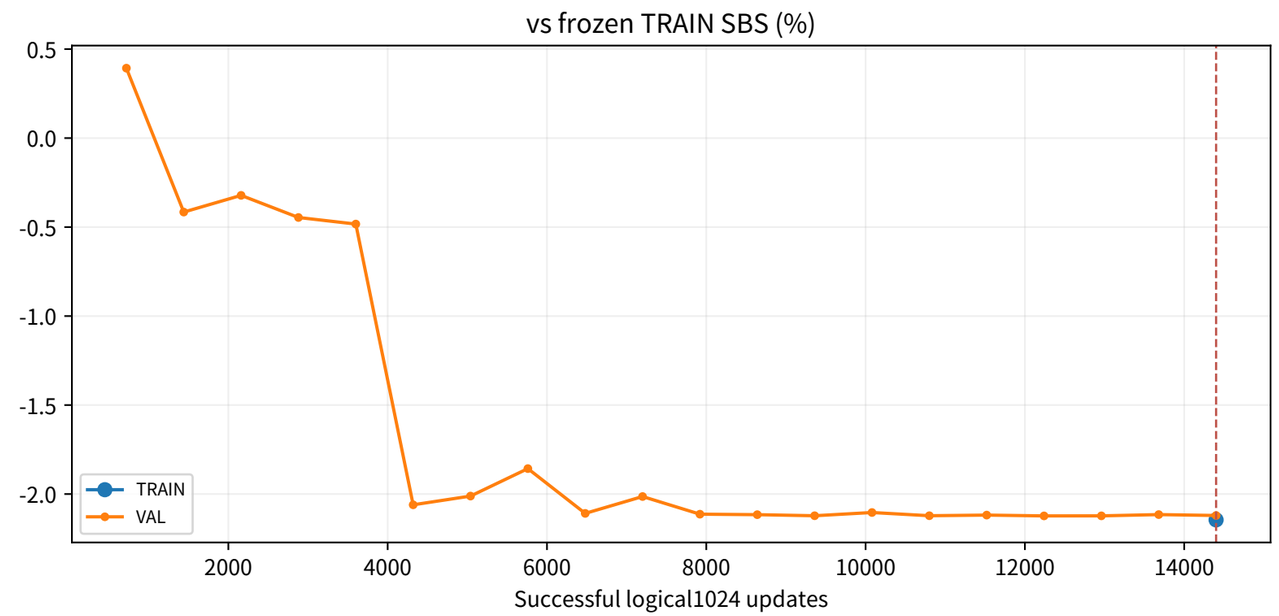

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | ATSP | actual saved full TRAIN/VAL evaluations

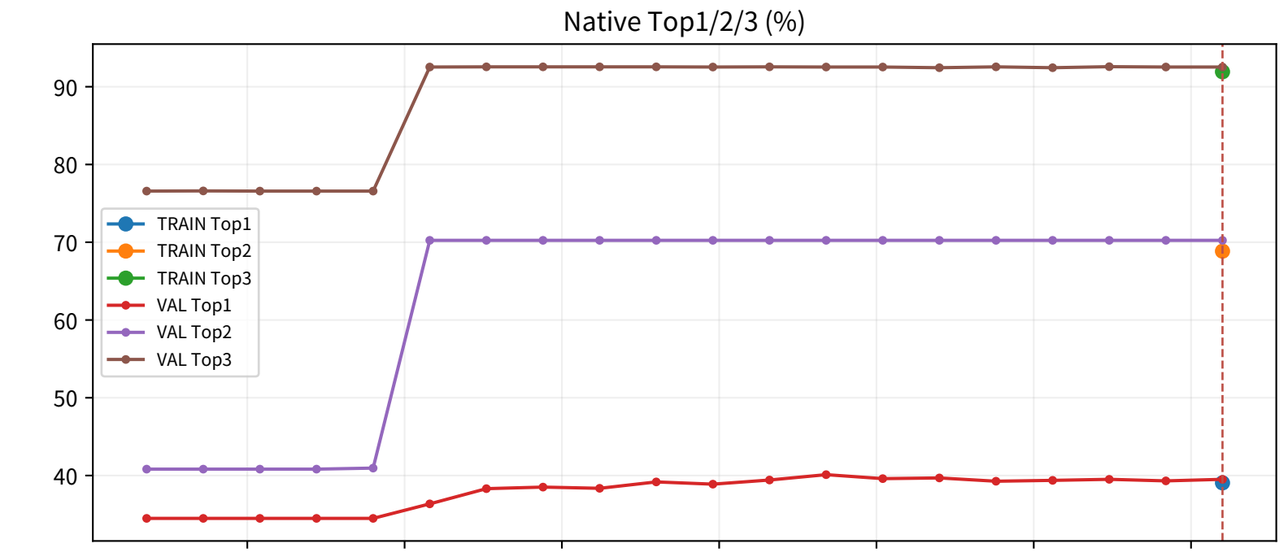

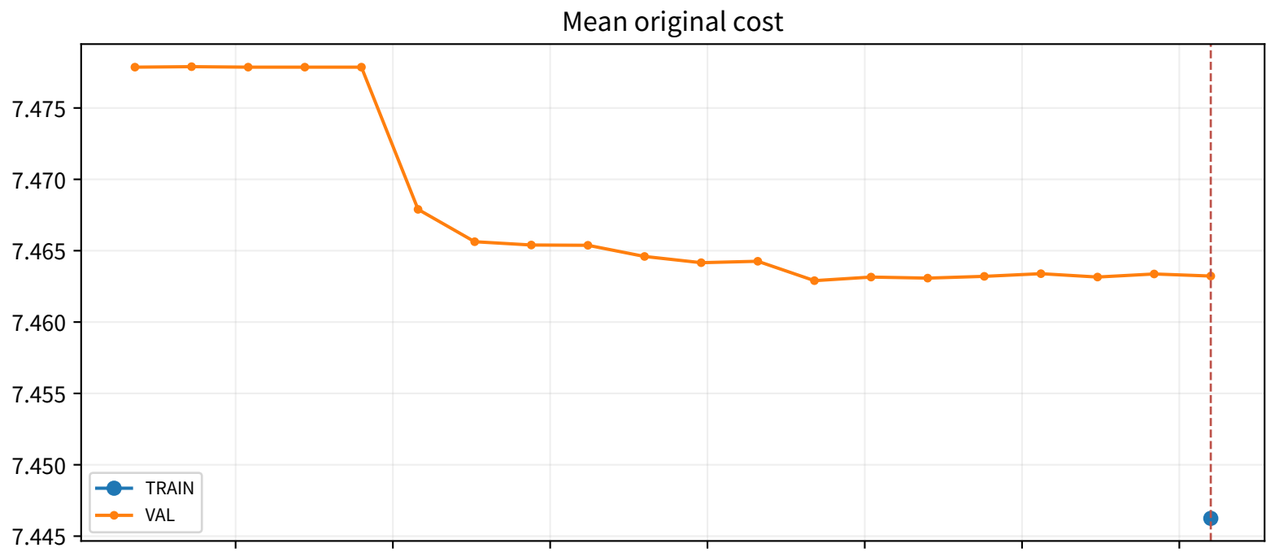

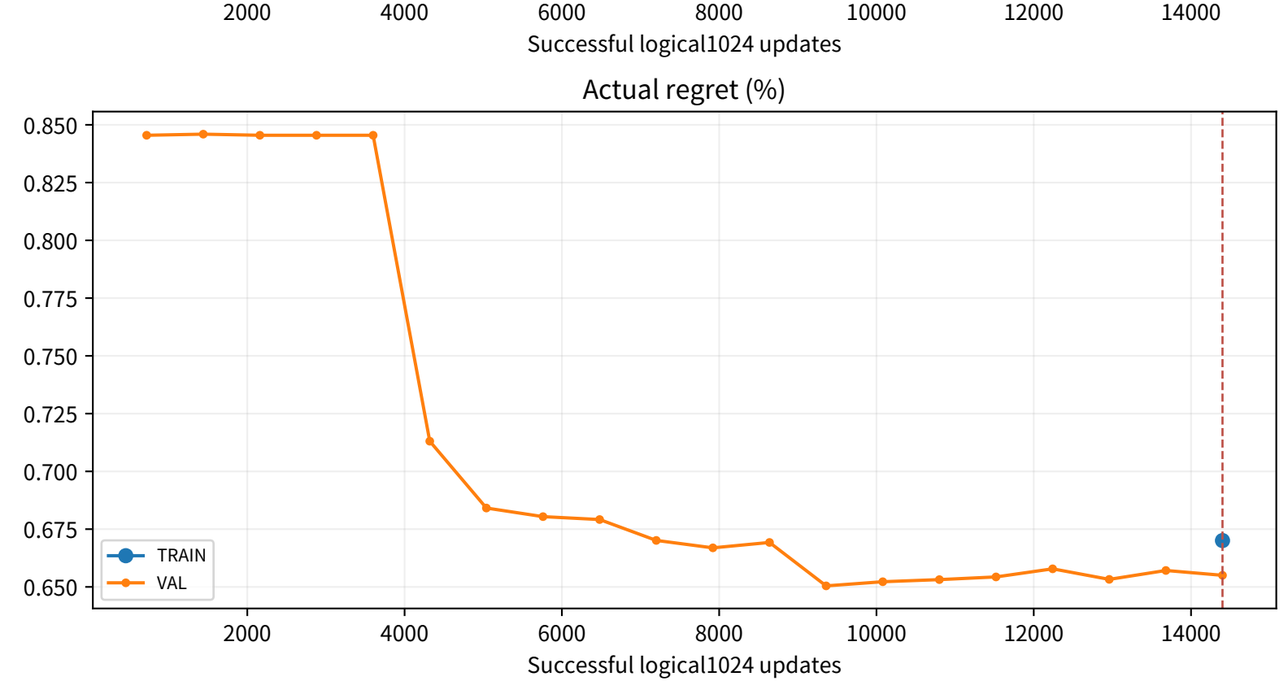

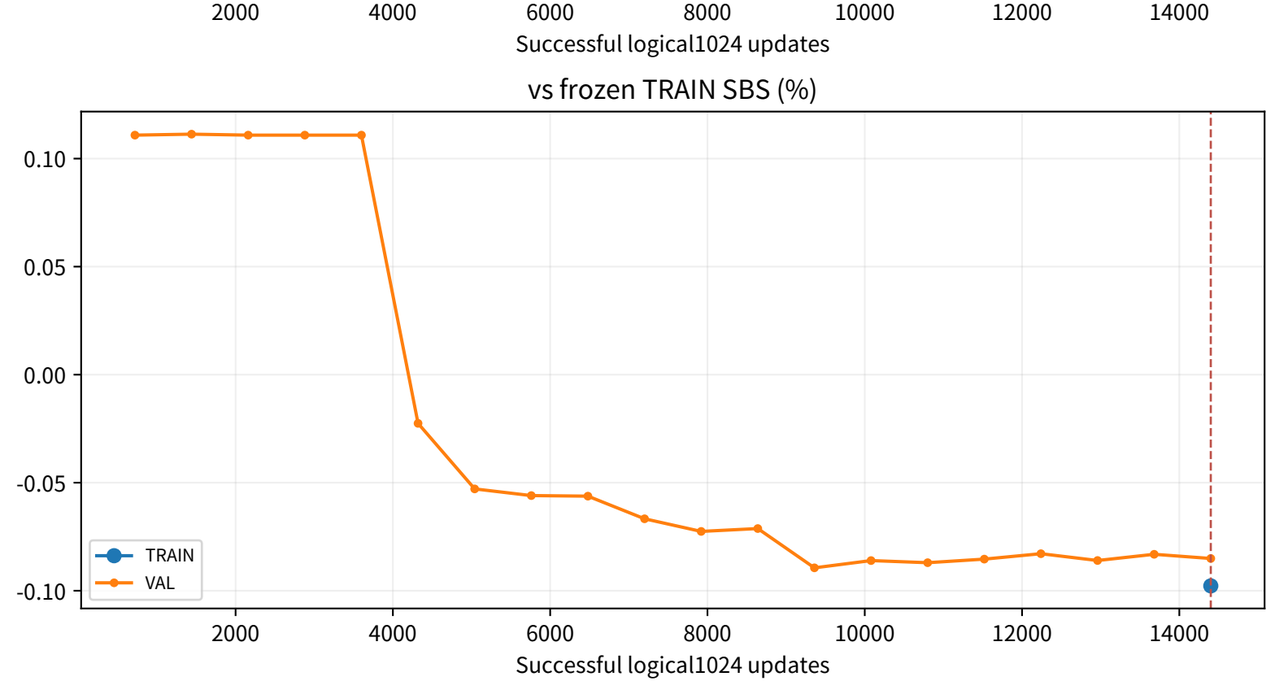

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | OVRP | actual saved full TRAIN/VAL evaluations

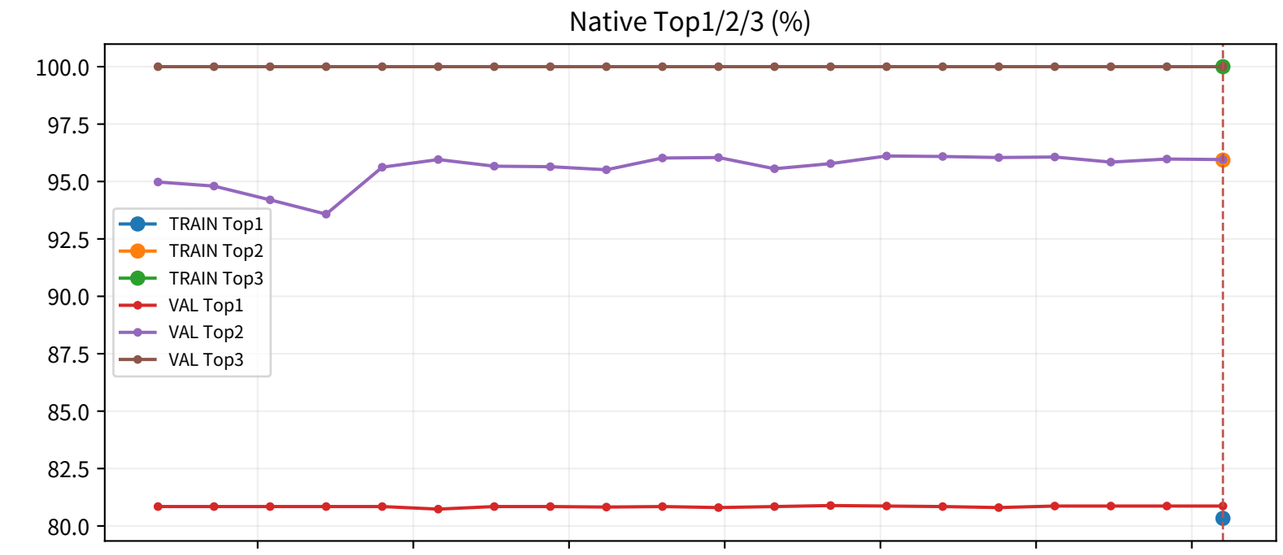

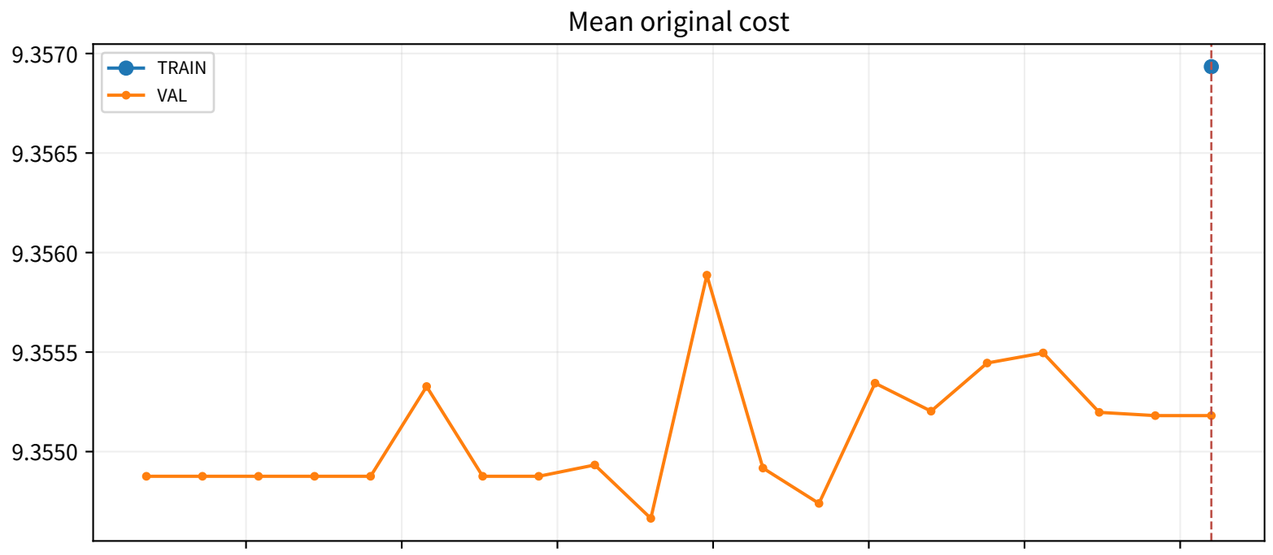

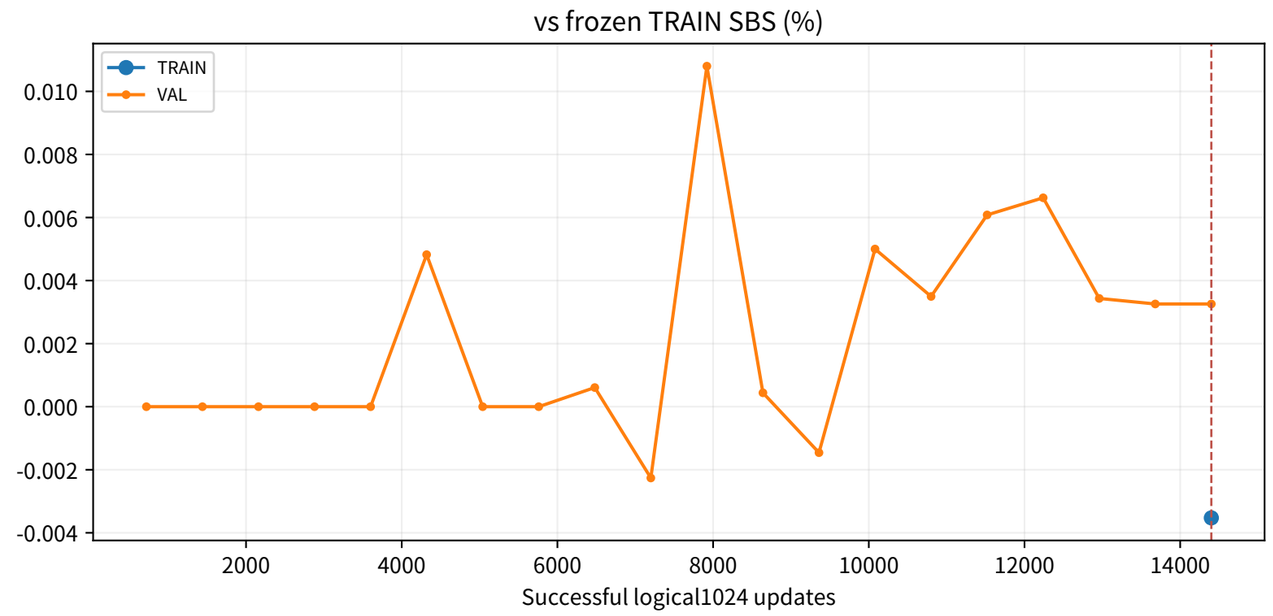

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | VRPB | actual saved full TRAIN/VAL evaluations

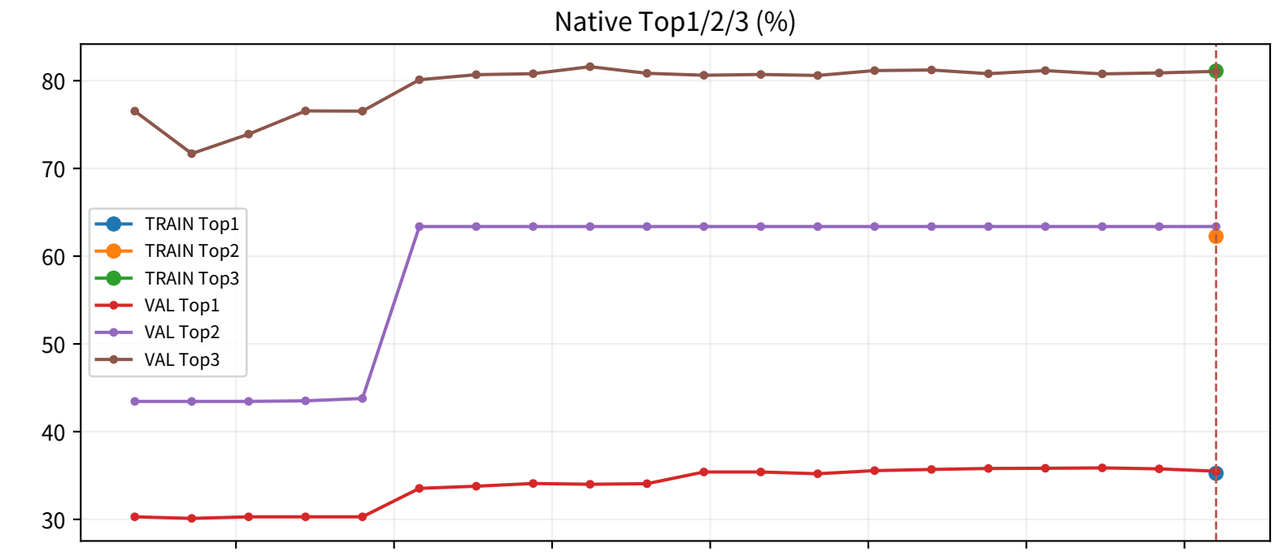

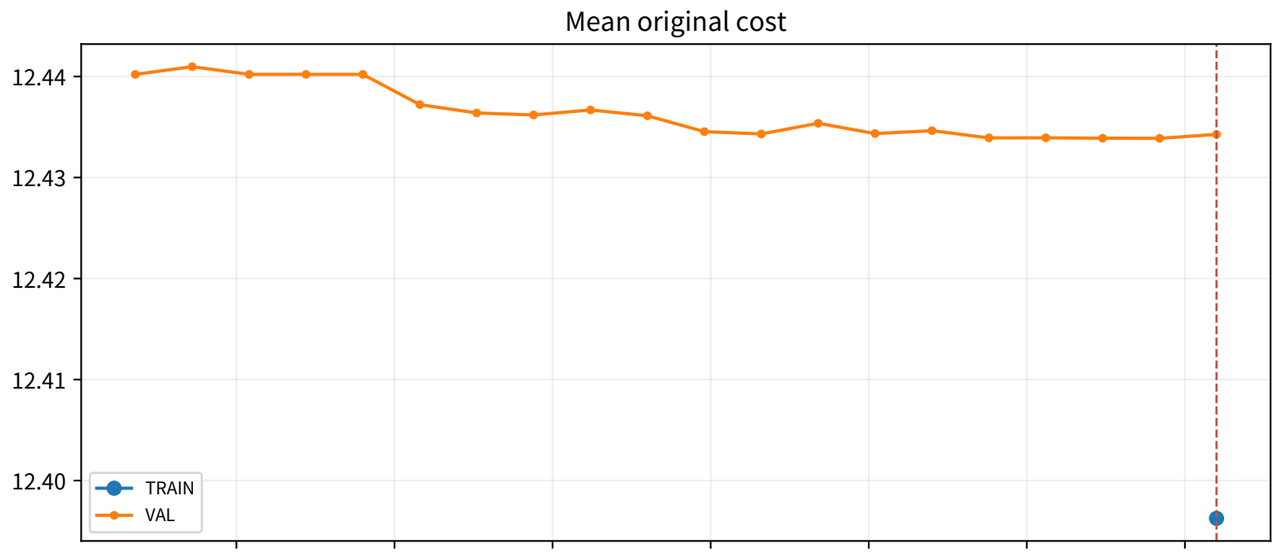

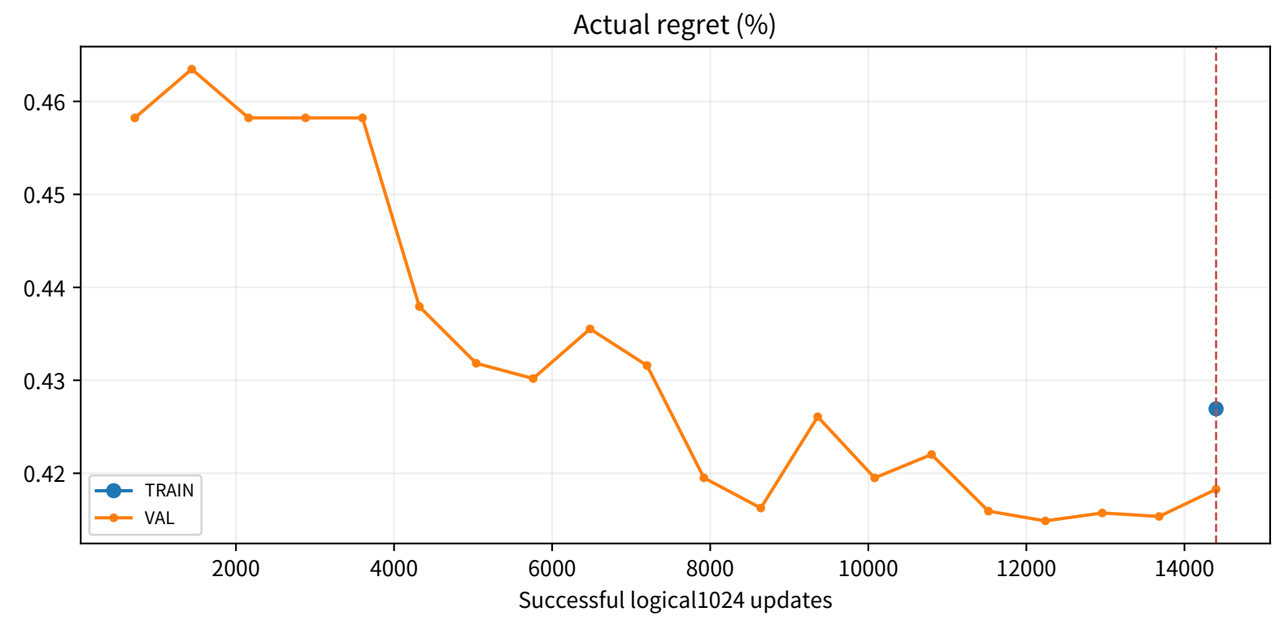

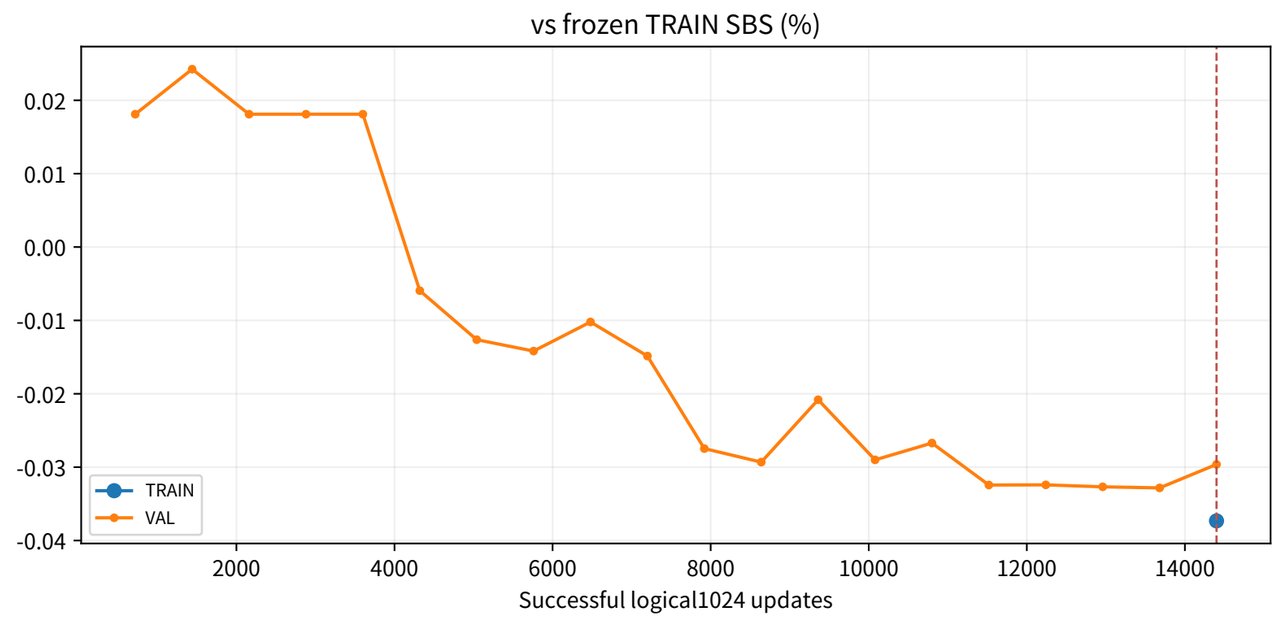

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | VRPL | actual saved full TRAIN/VAL evaluations

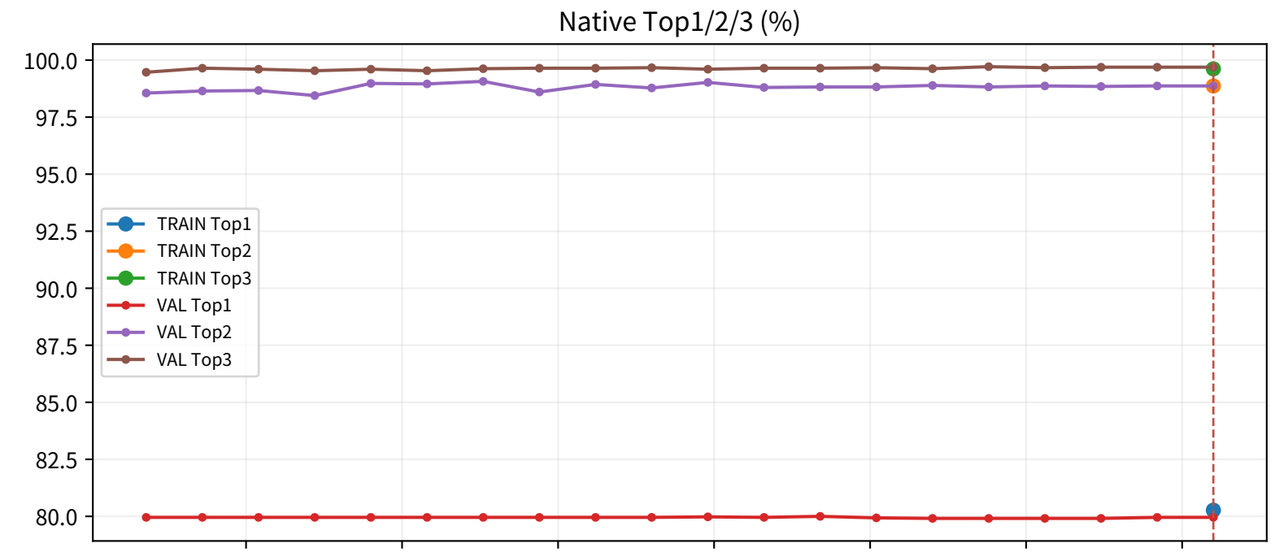

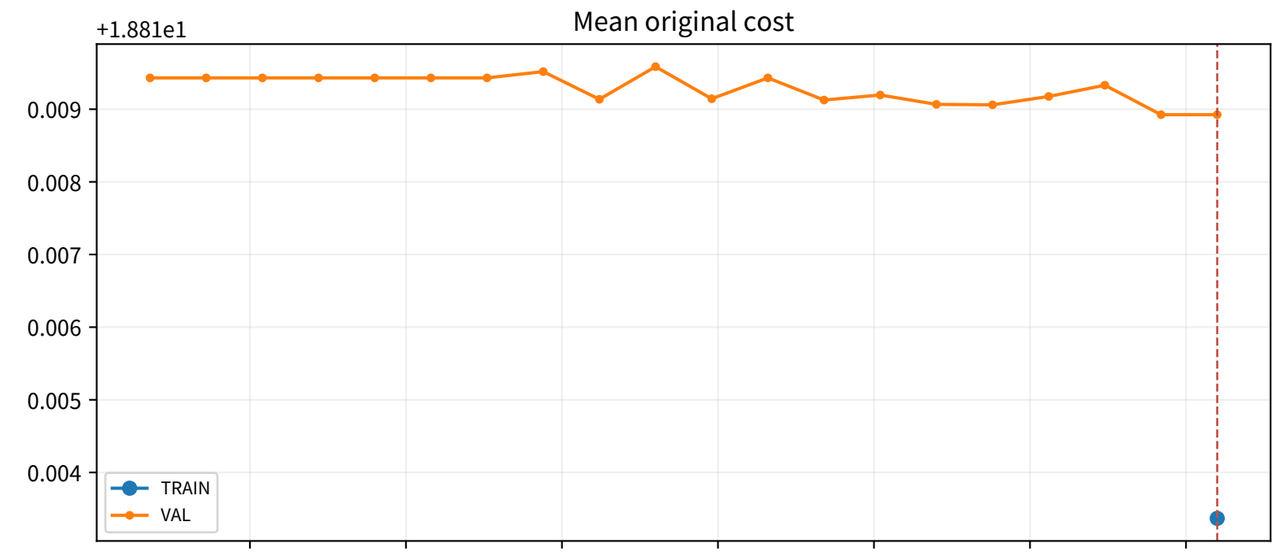

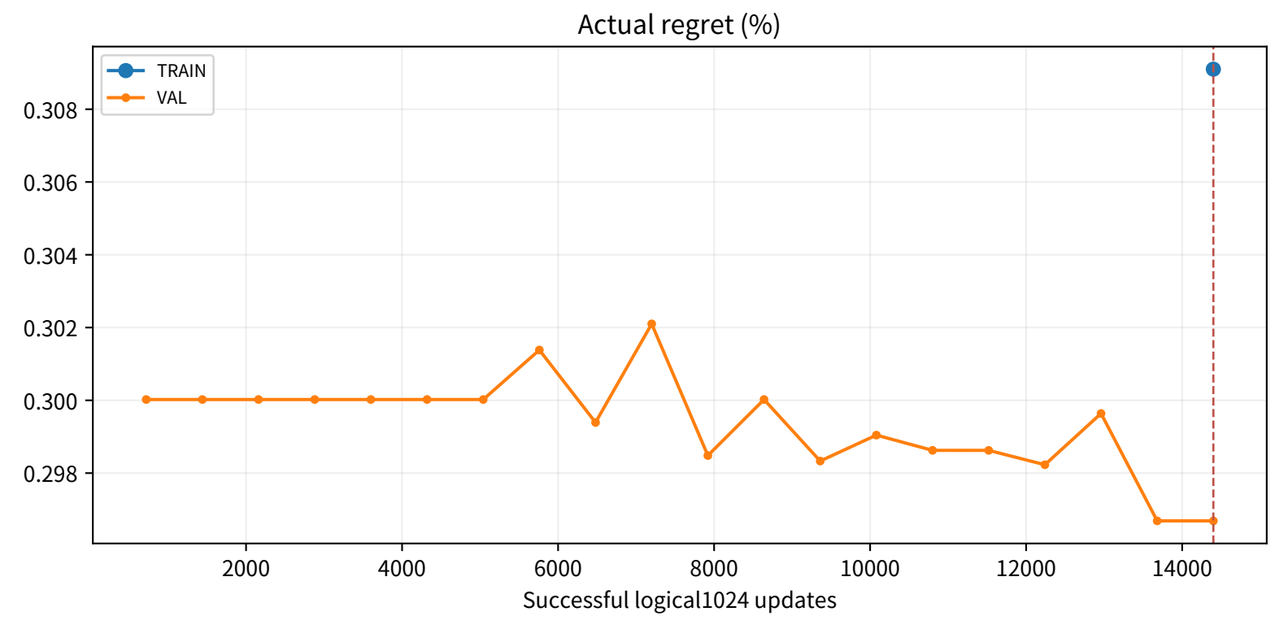

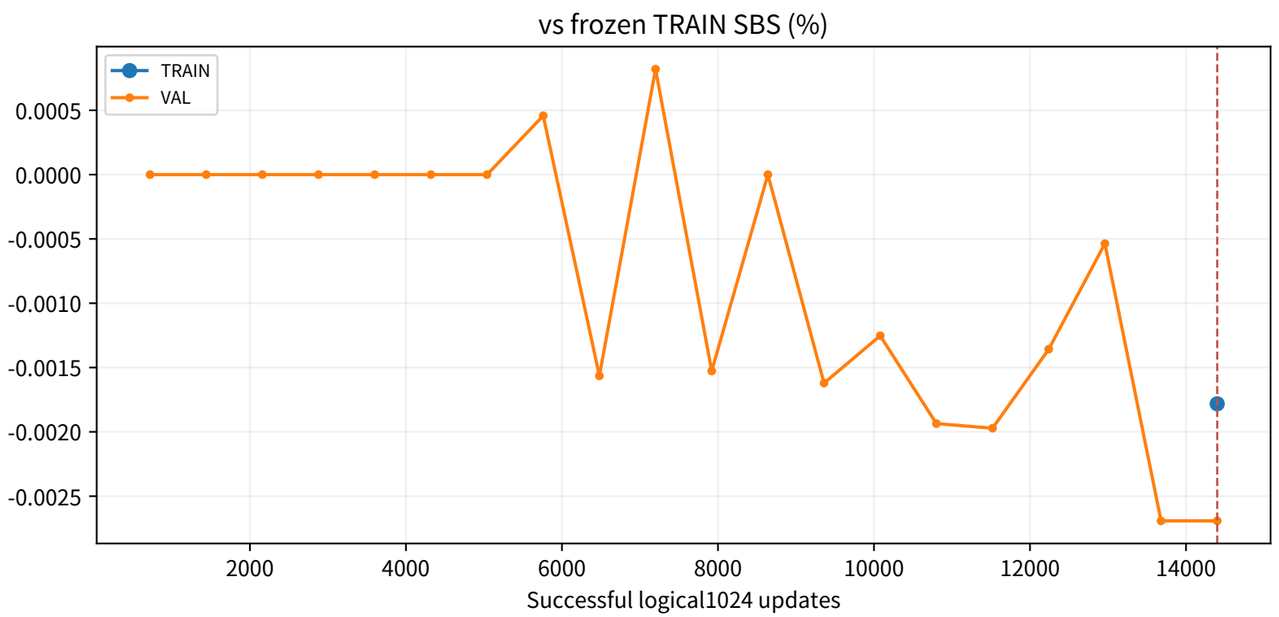

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | VRPTW | actual saved full TRAIN/VAL evaluations

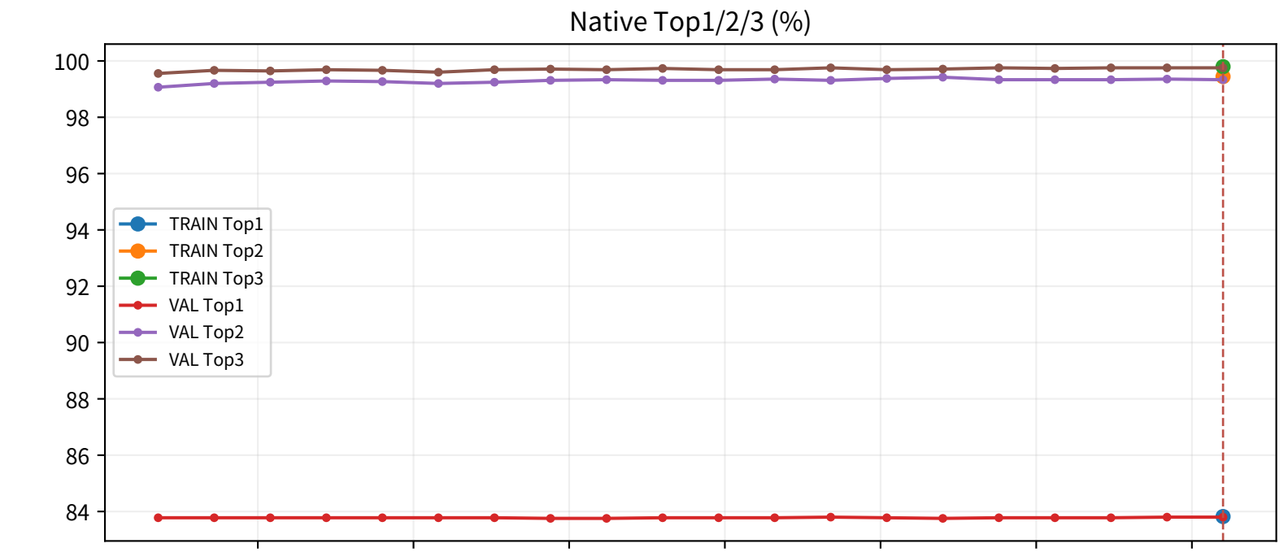

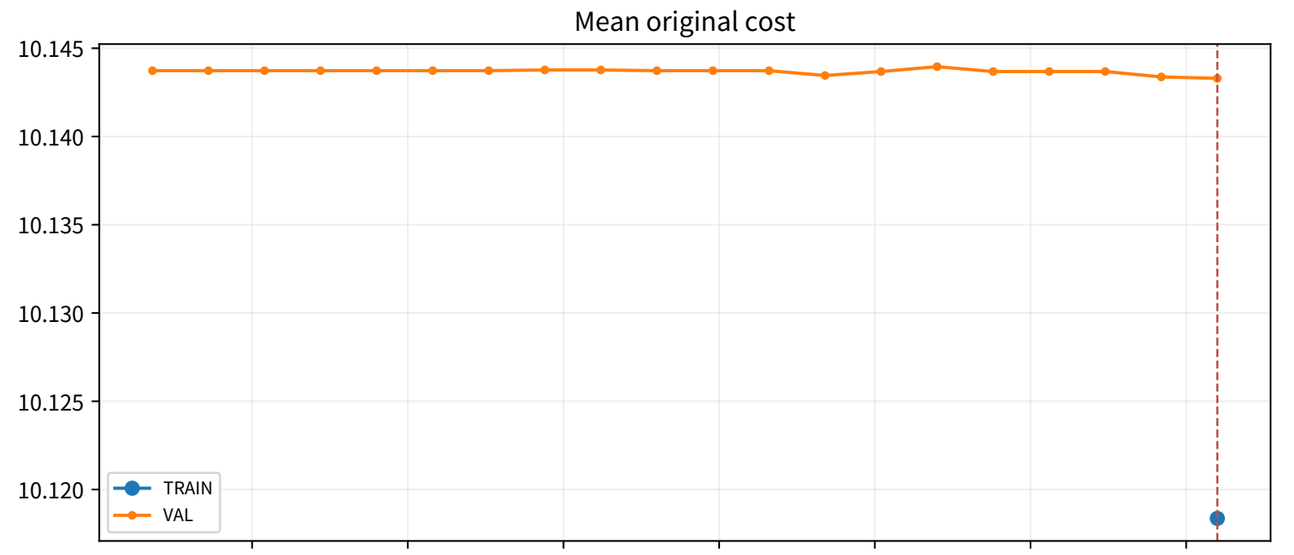

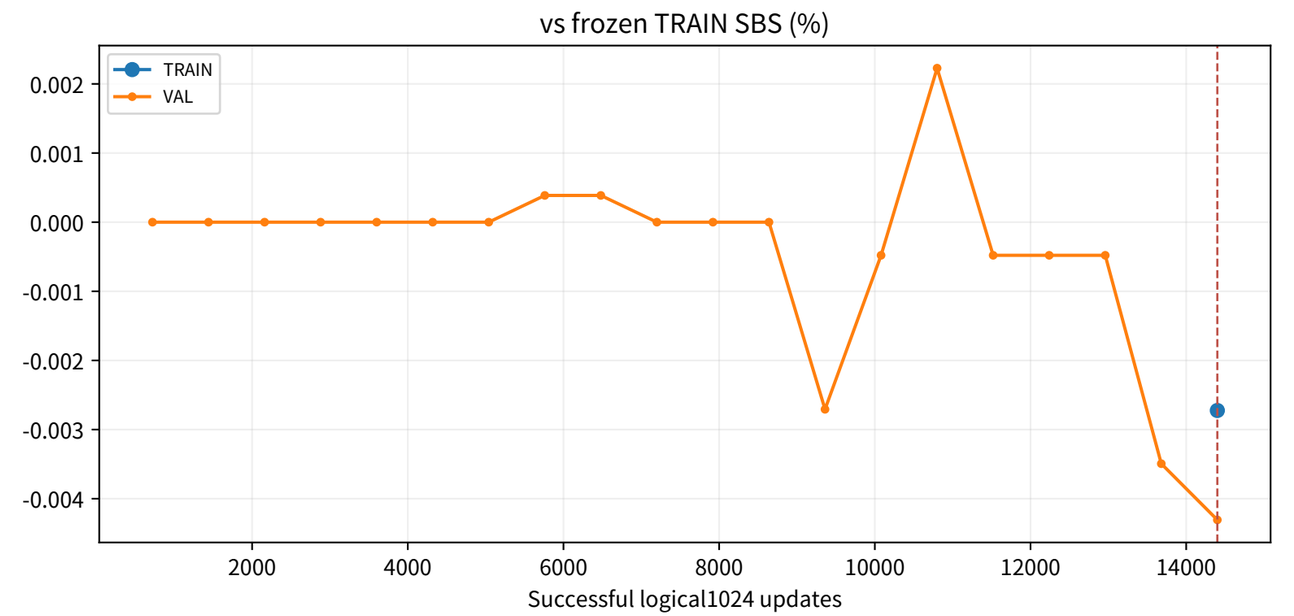

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | OVRPTW | actual saved full TRAIN/VAL evaluations

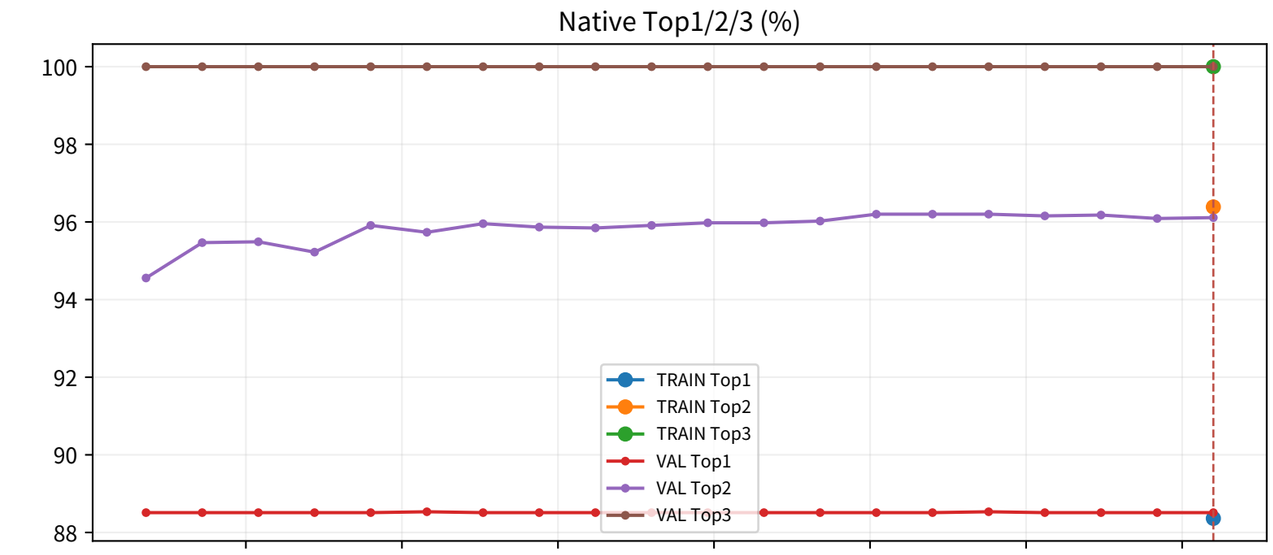

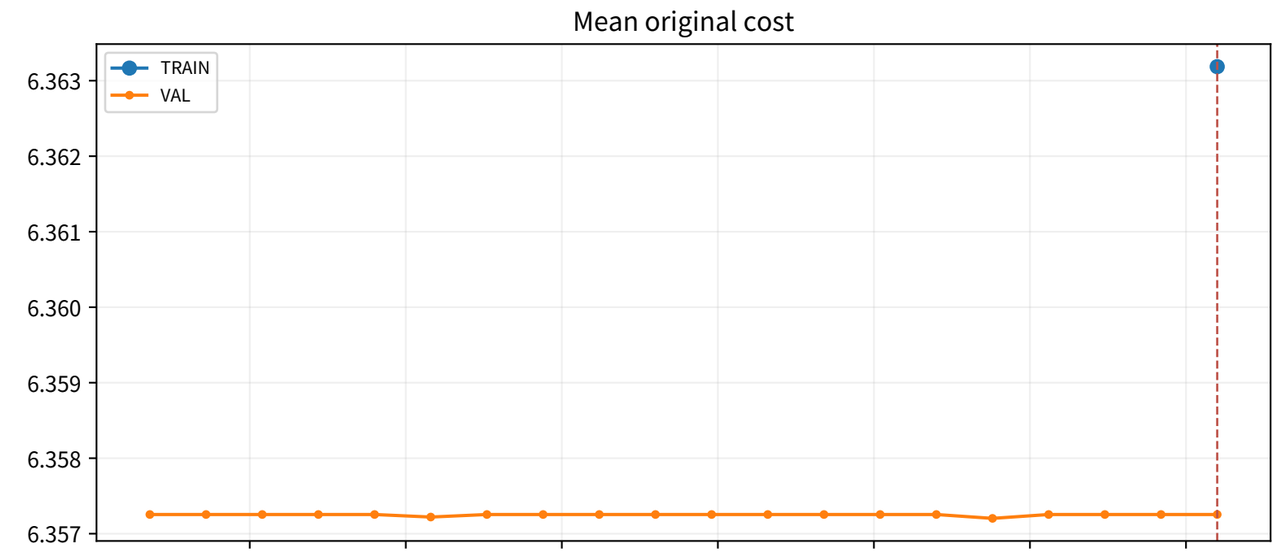

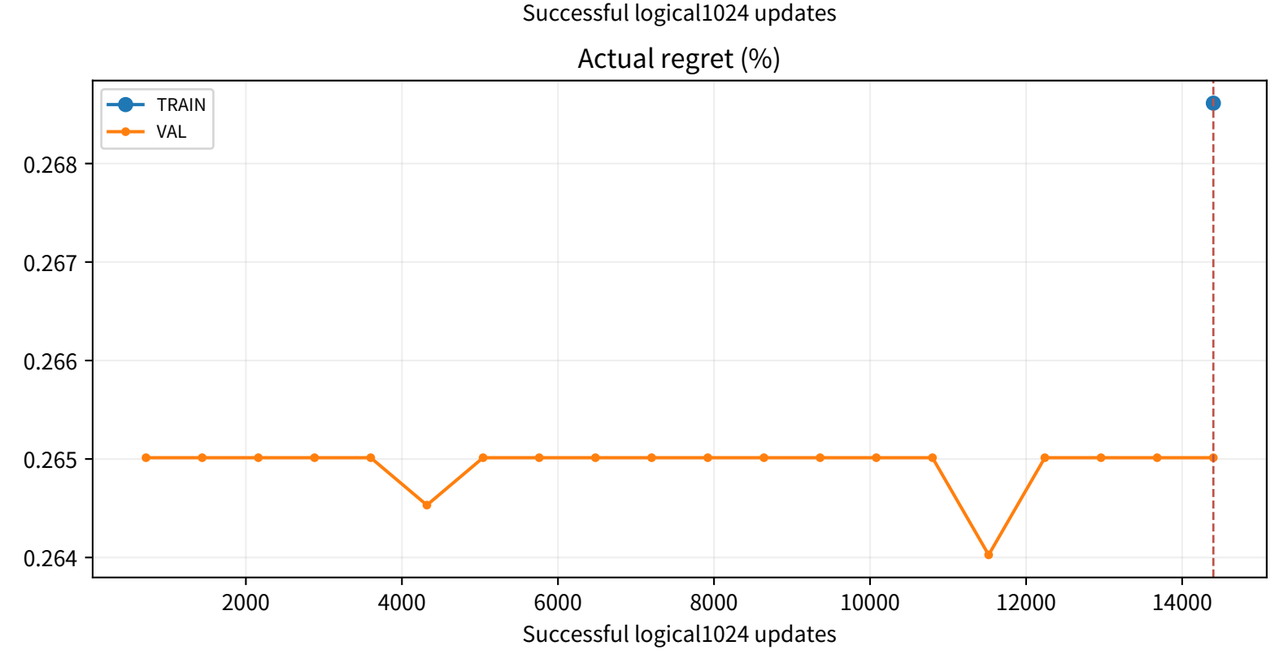

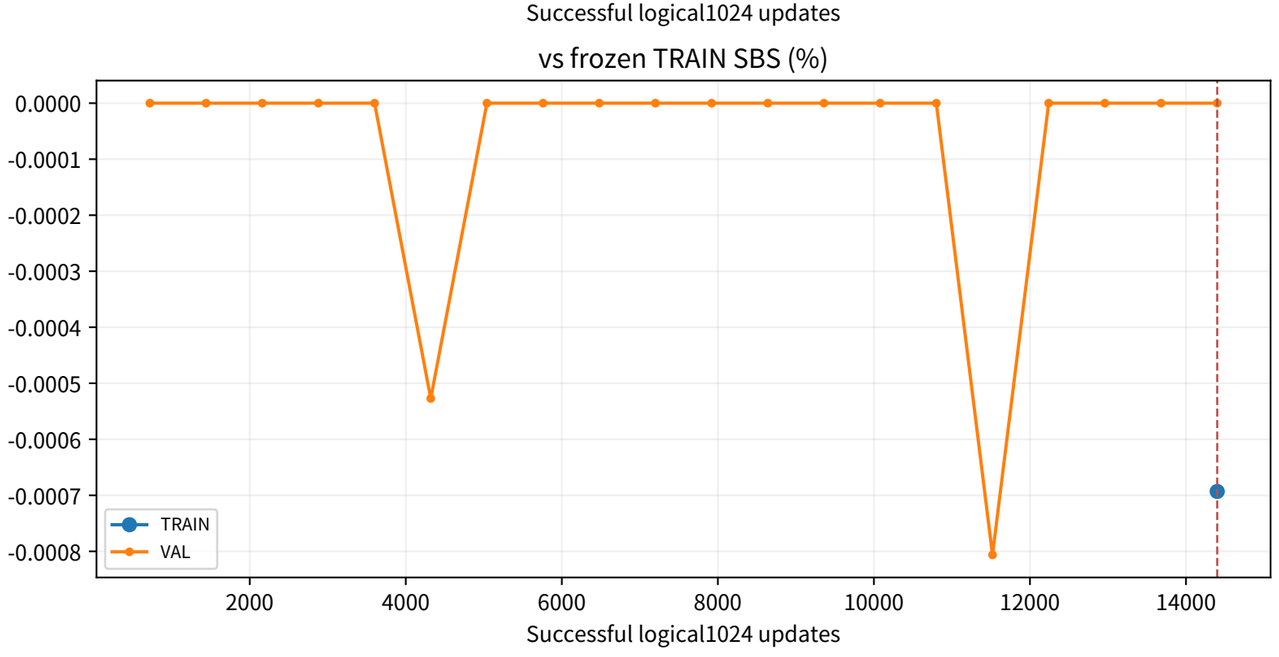

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | OVRPB | actual saved full TRAIN/VAL evaluations

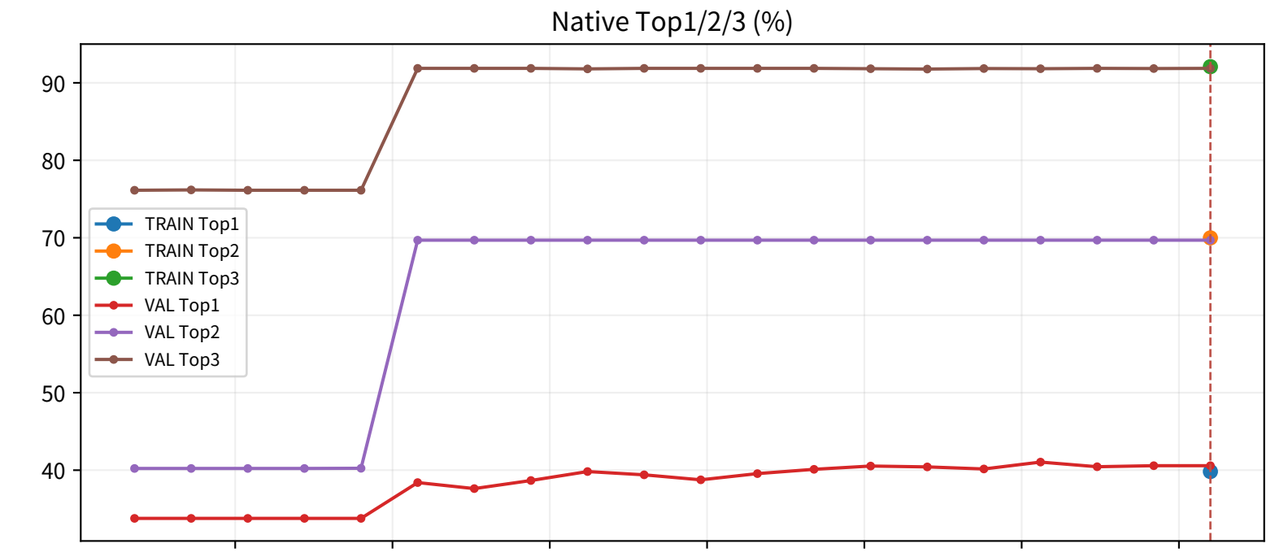

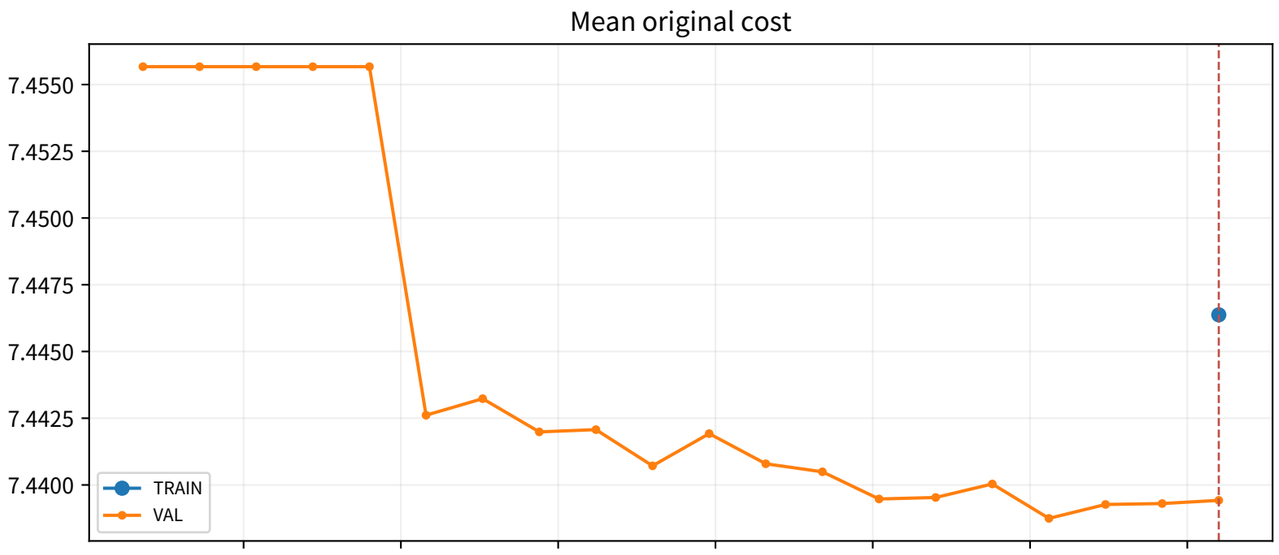

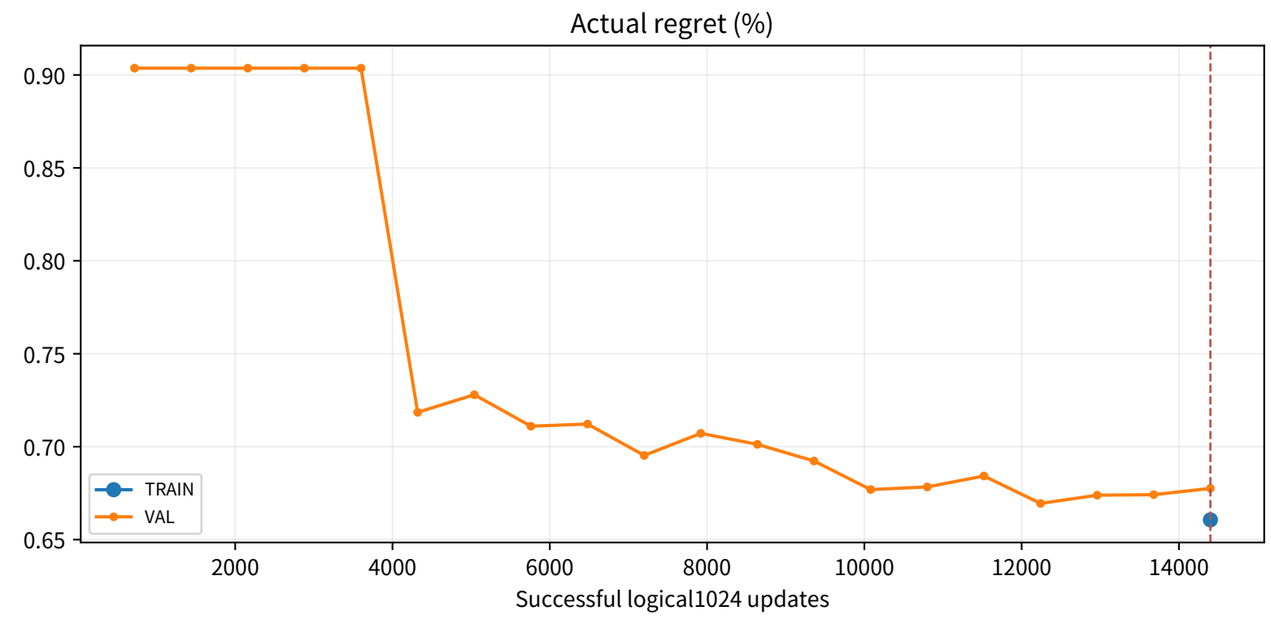

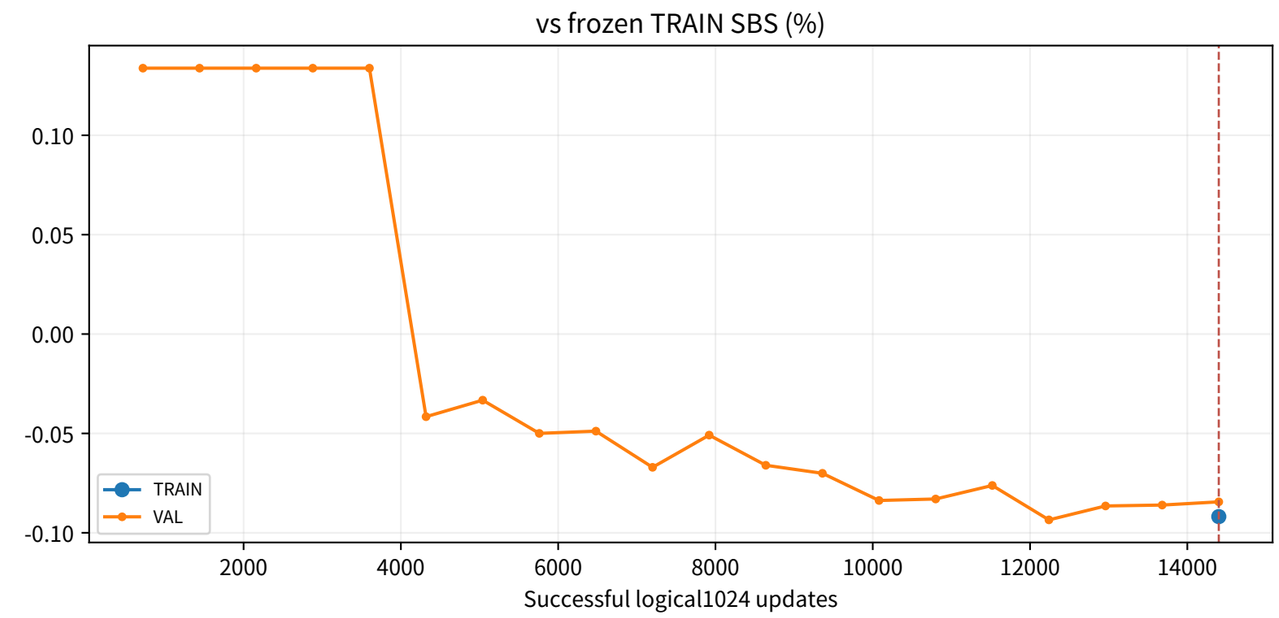

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | OVRPL | actual saved full TRAIN/VAL evaluations

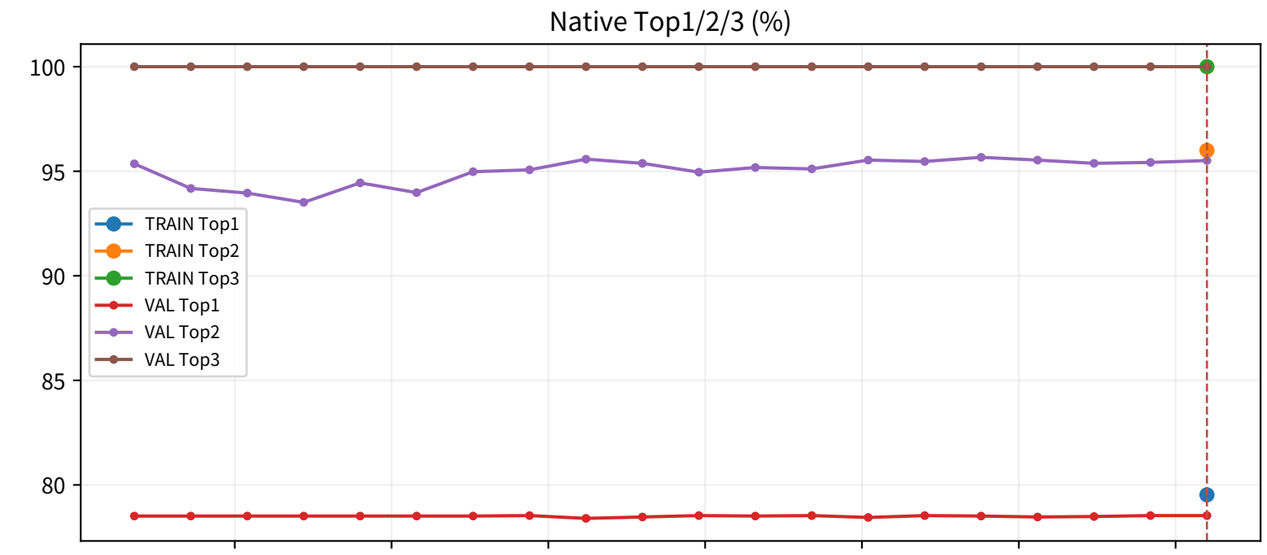

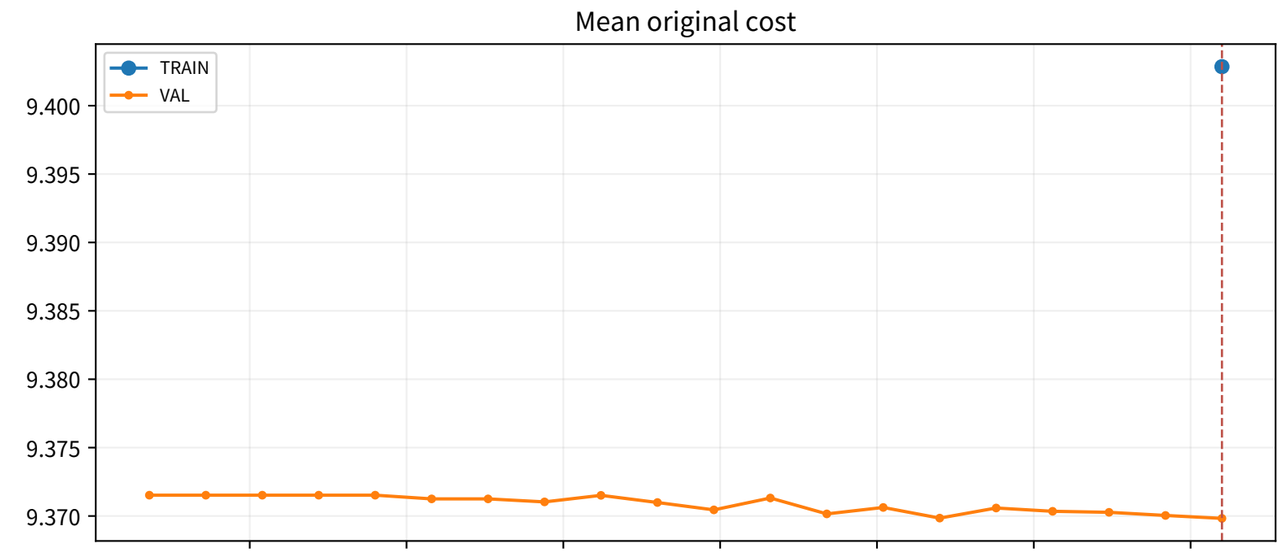

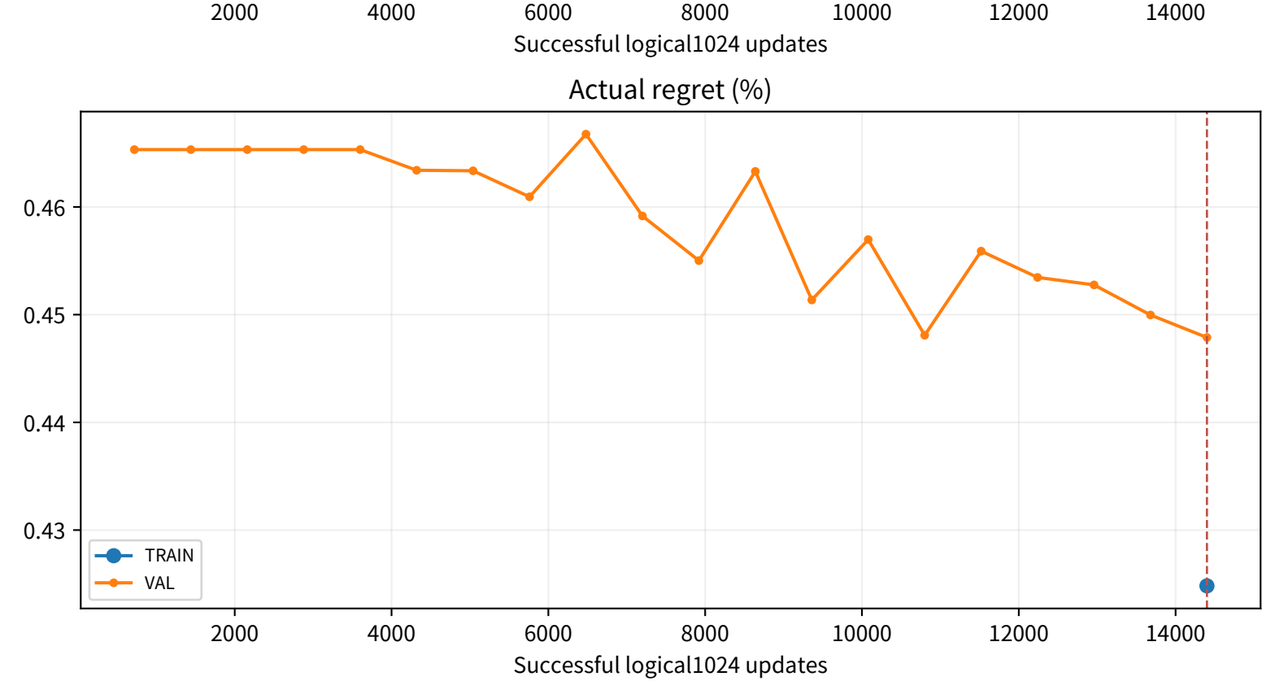

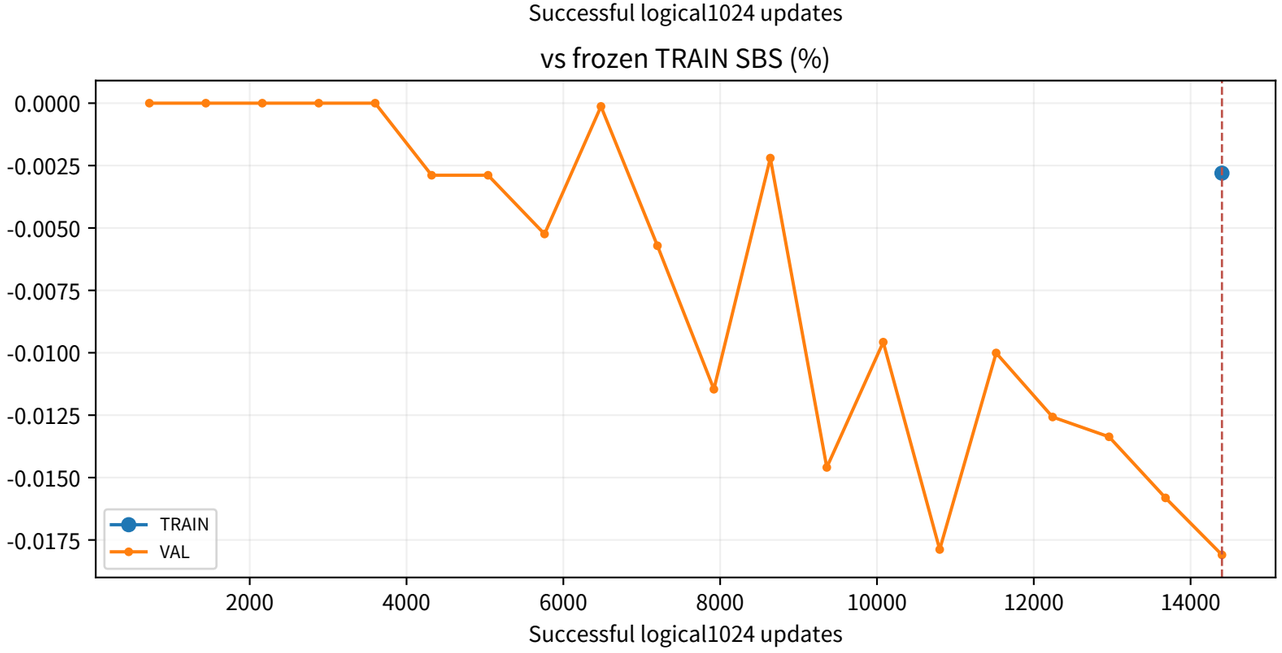

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | VRPBL | actual saved full TRAIN/VAL evaluations

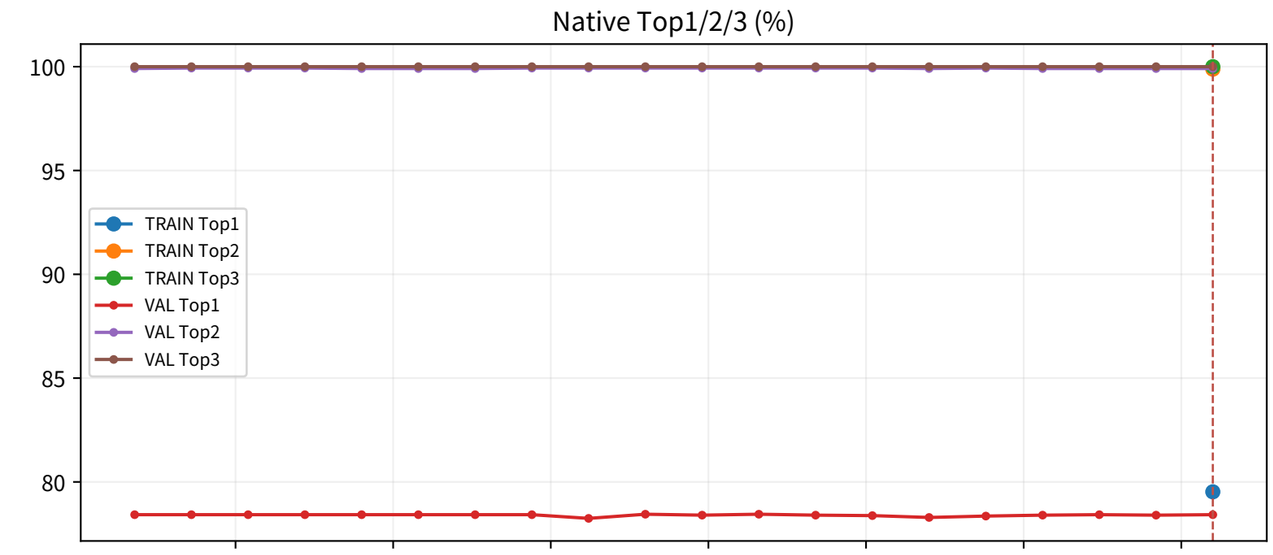

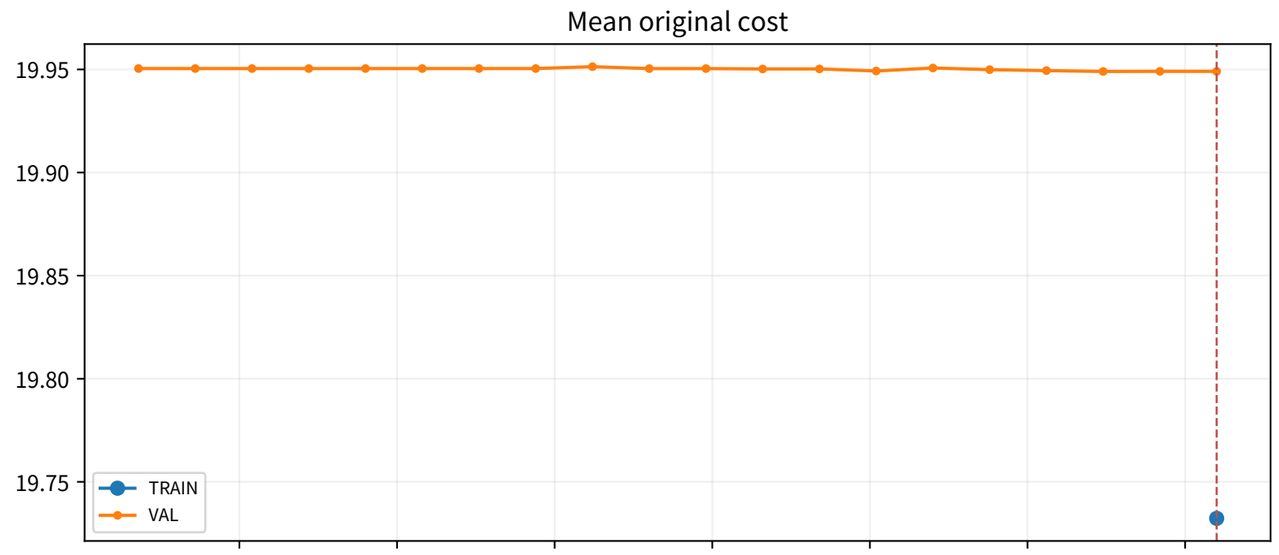

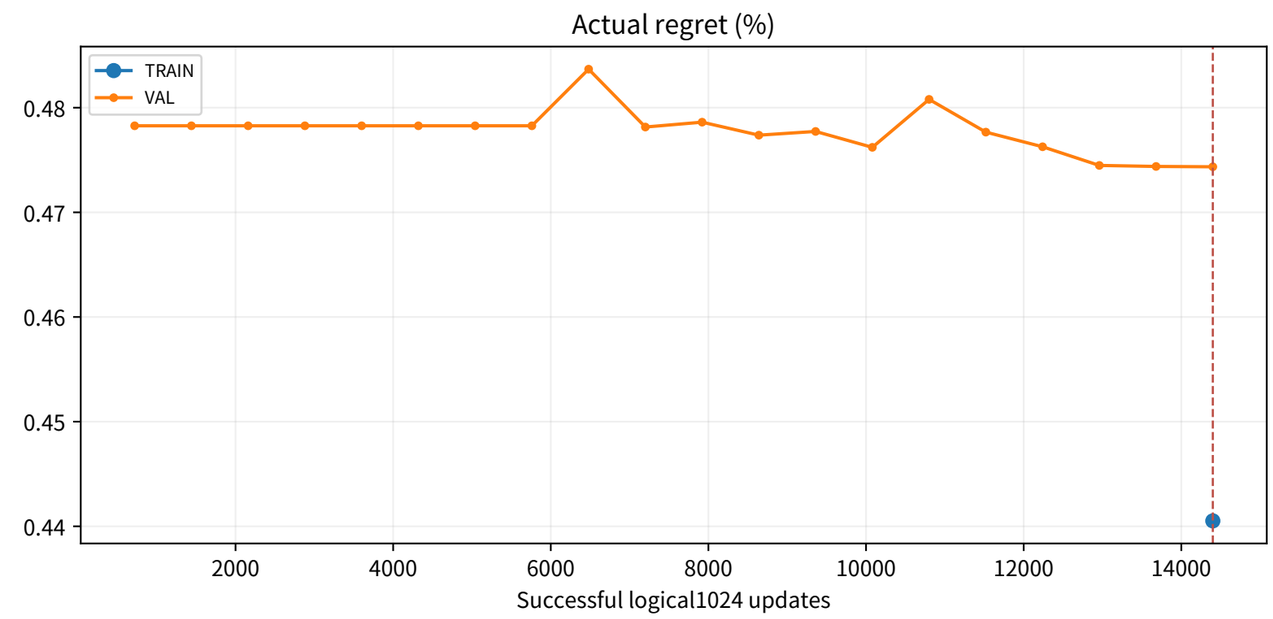

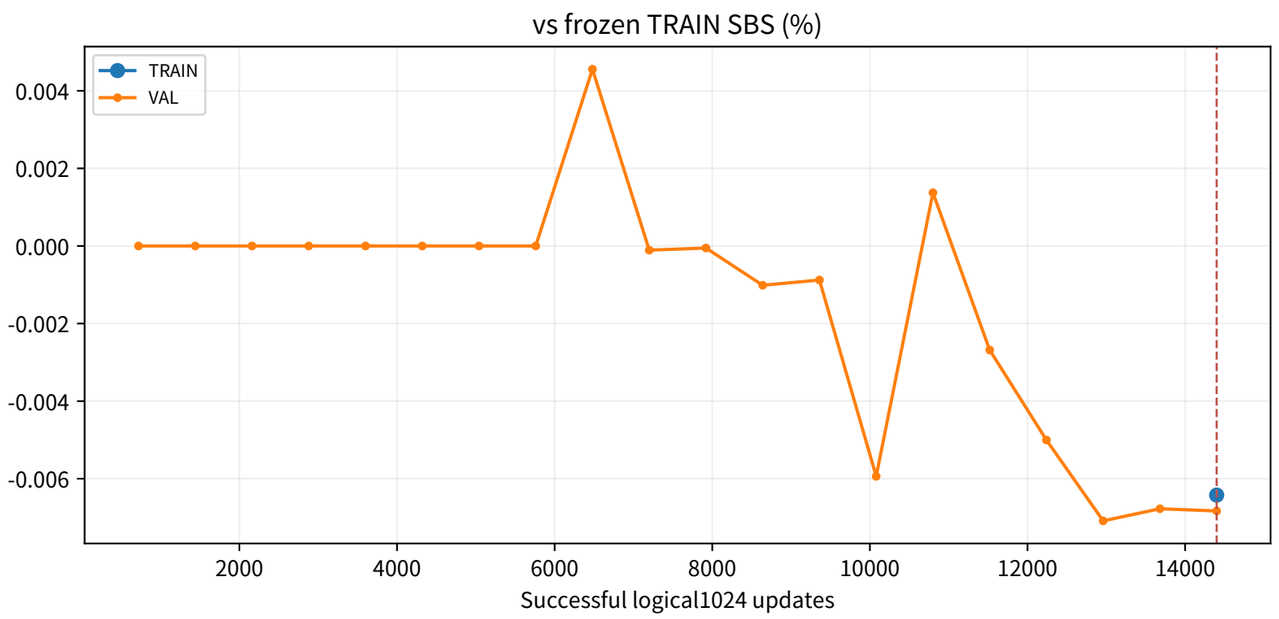

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | VRPBTW | actual saved full TRAIN/VAL evaluations

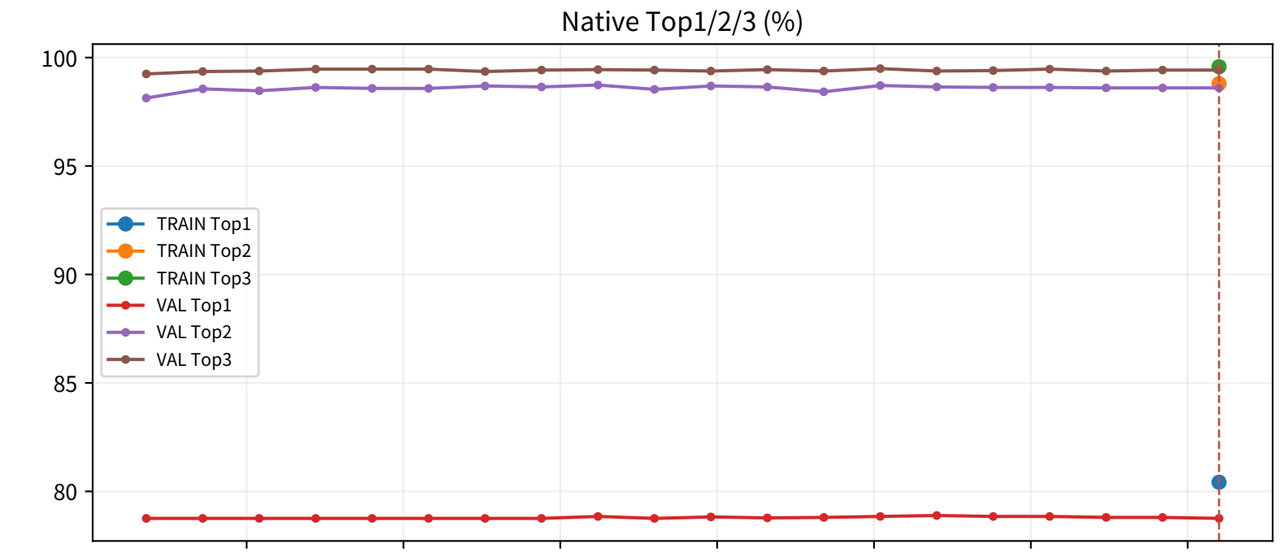

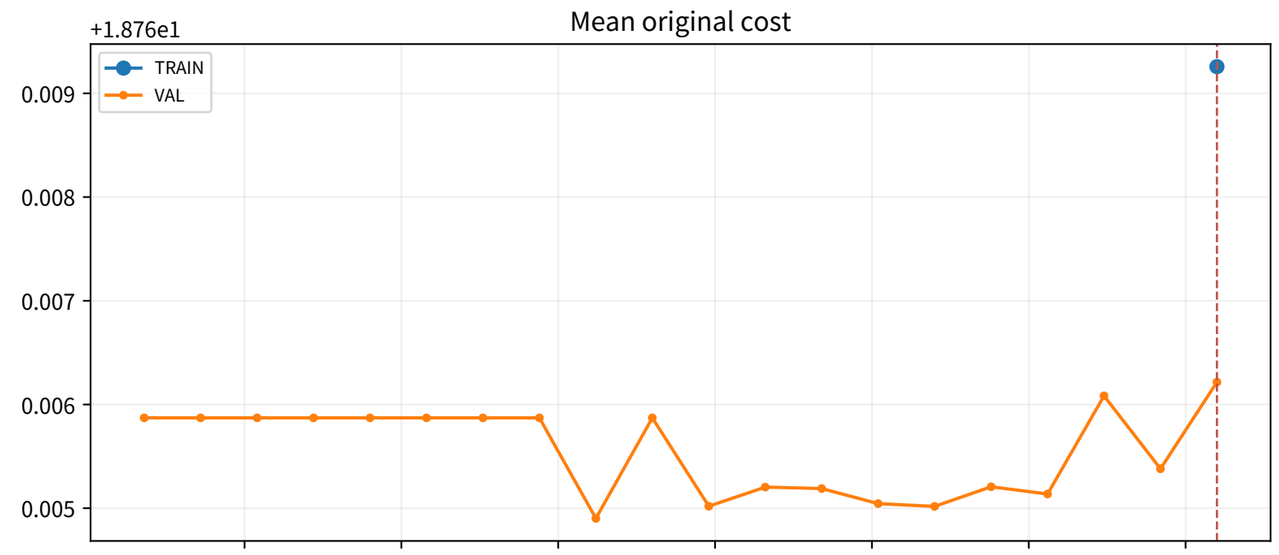

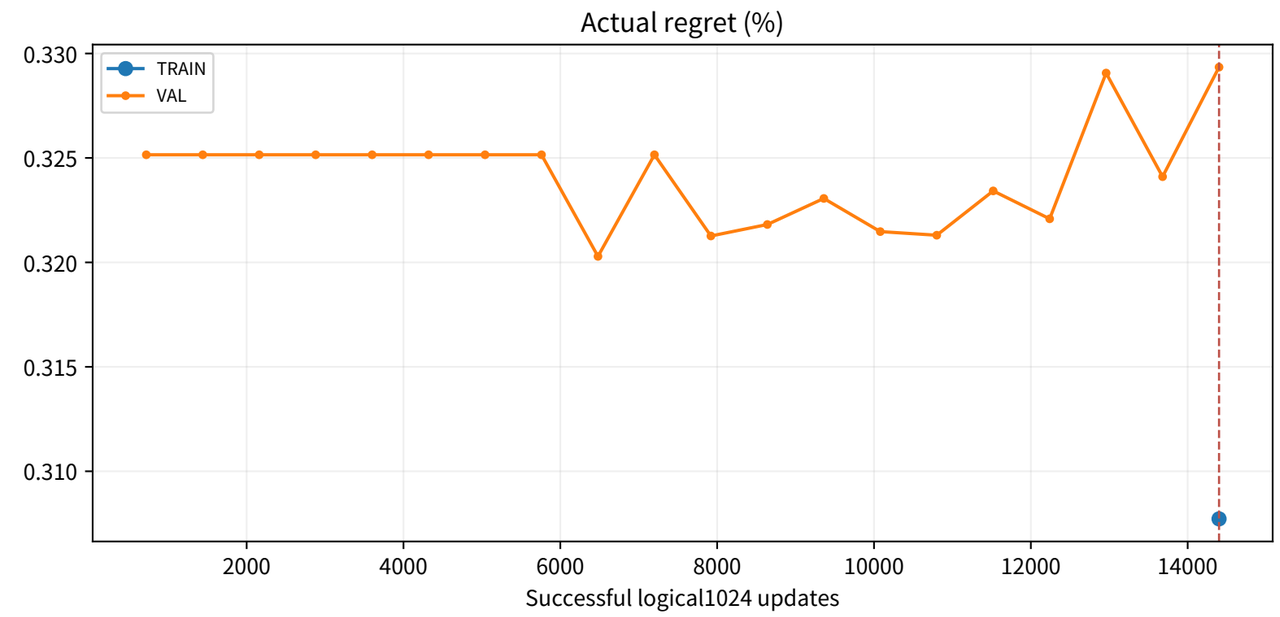

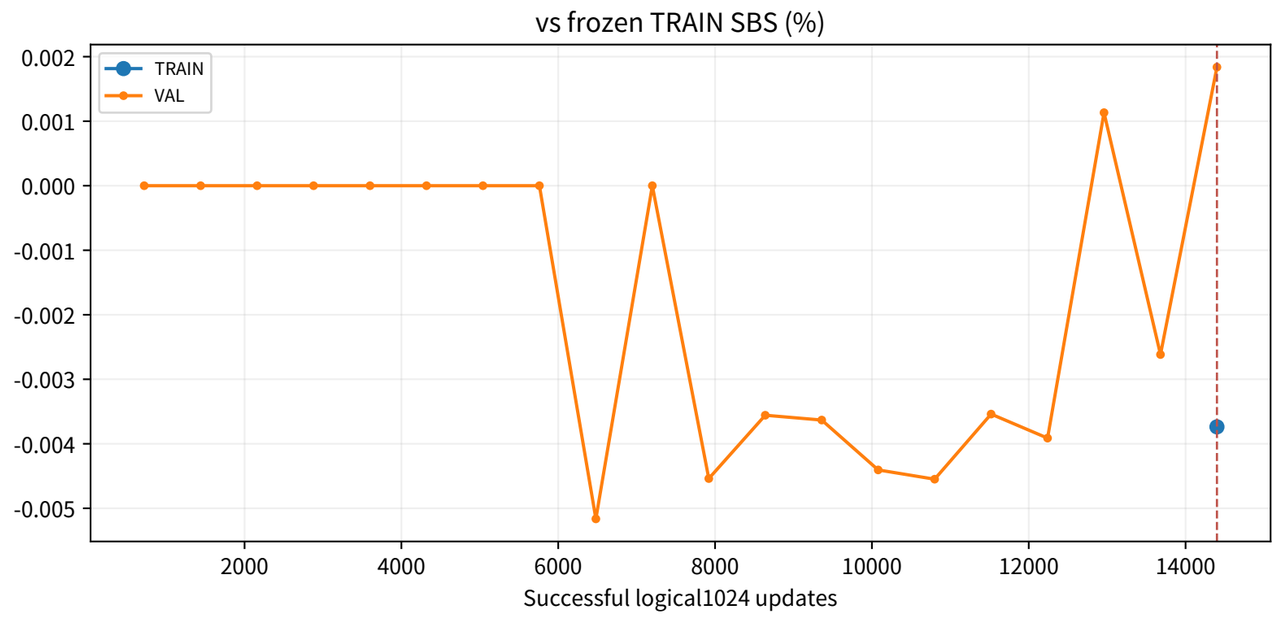

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | VRPLTW | actual saved full TRAIN/VAL evaluations

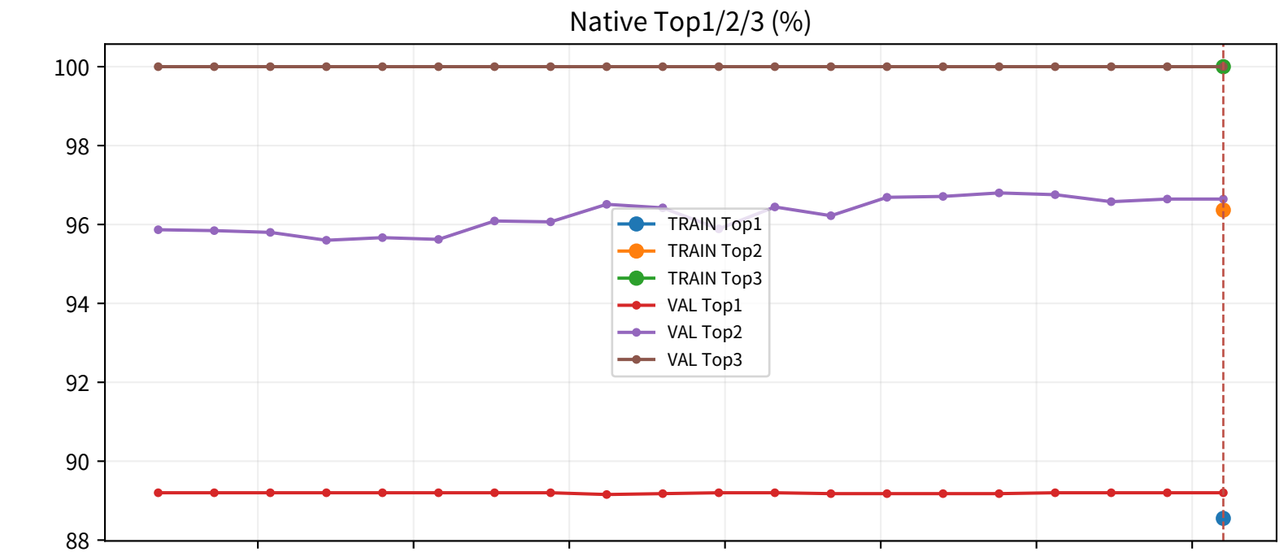

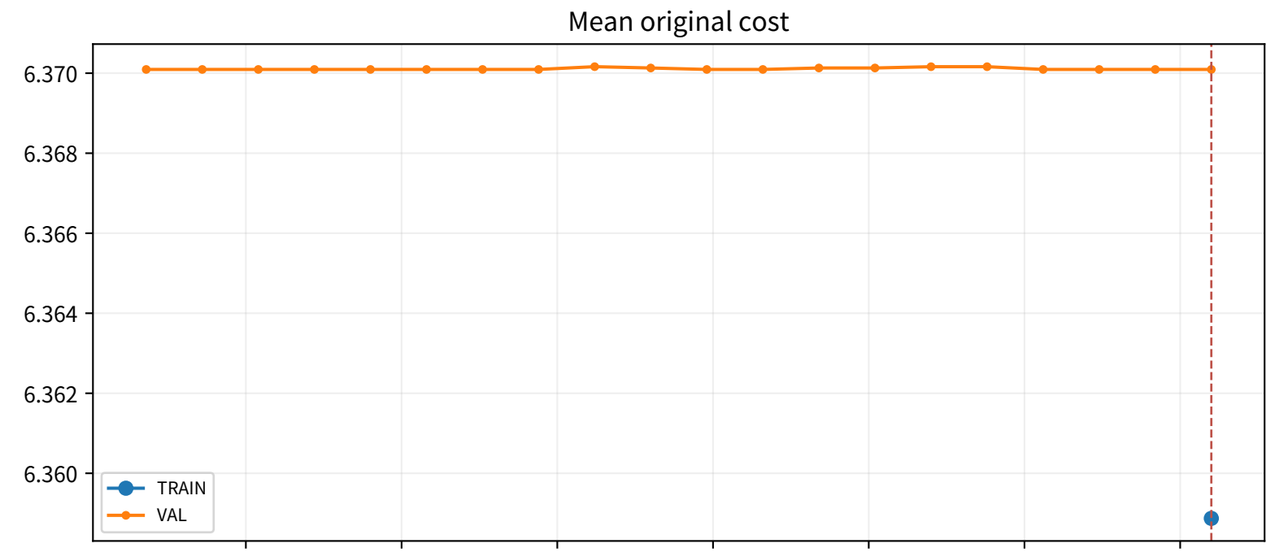

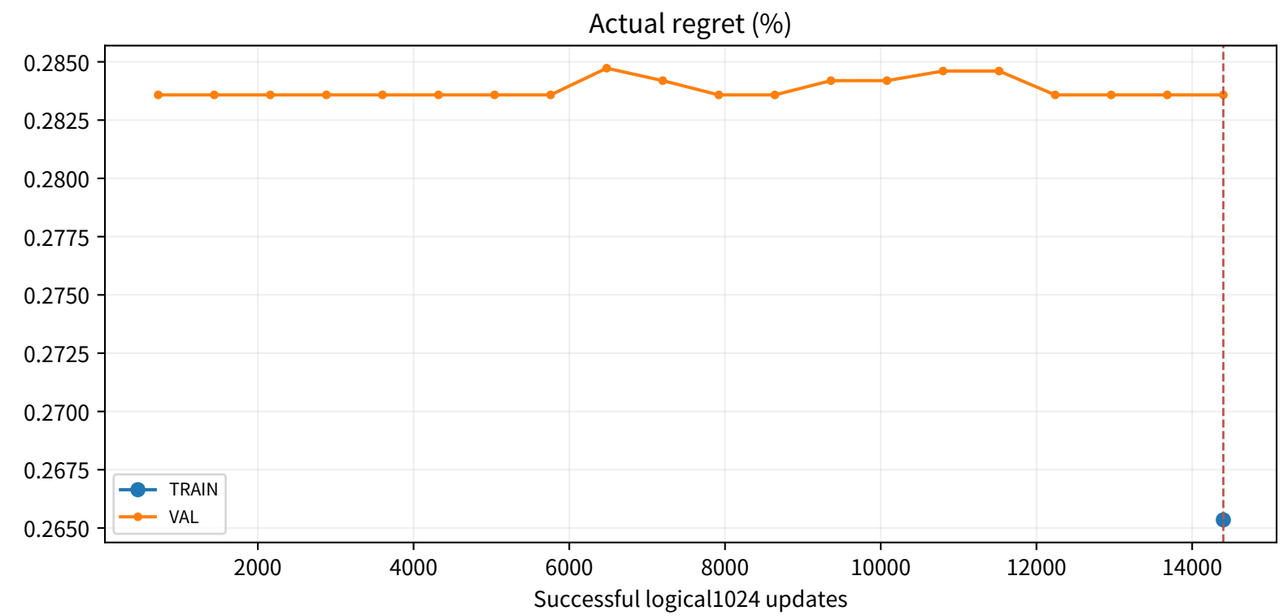

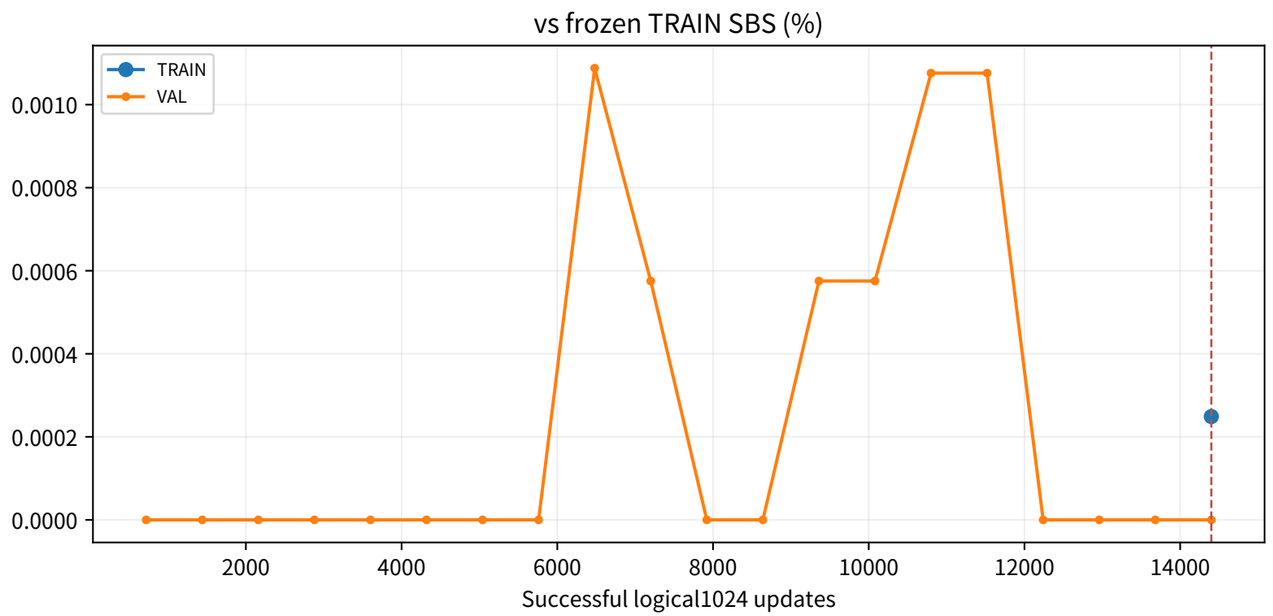

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | OVRPBL | actual saved full TRAIN/VAL evaluations

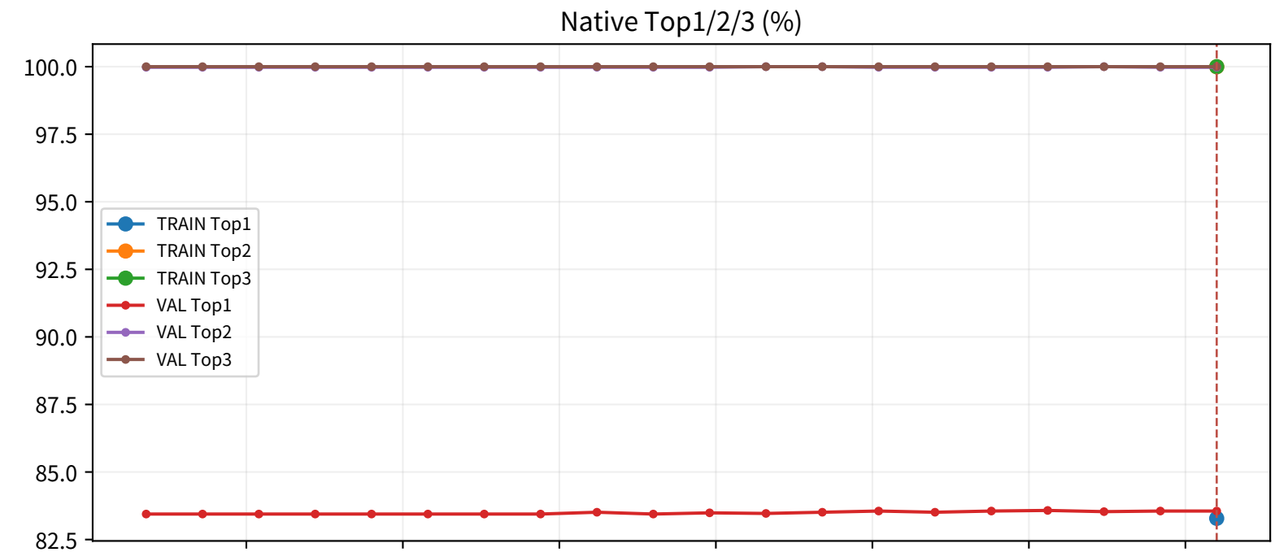

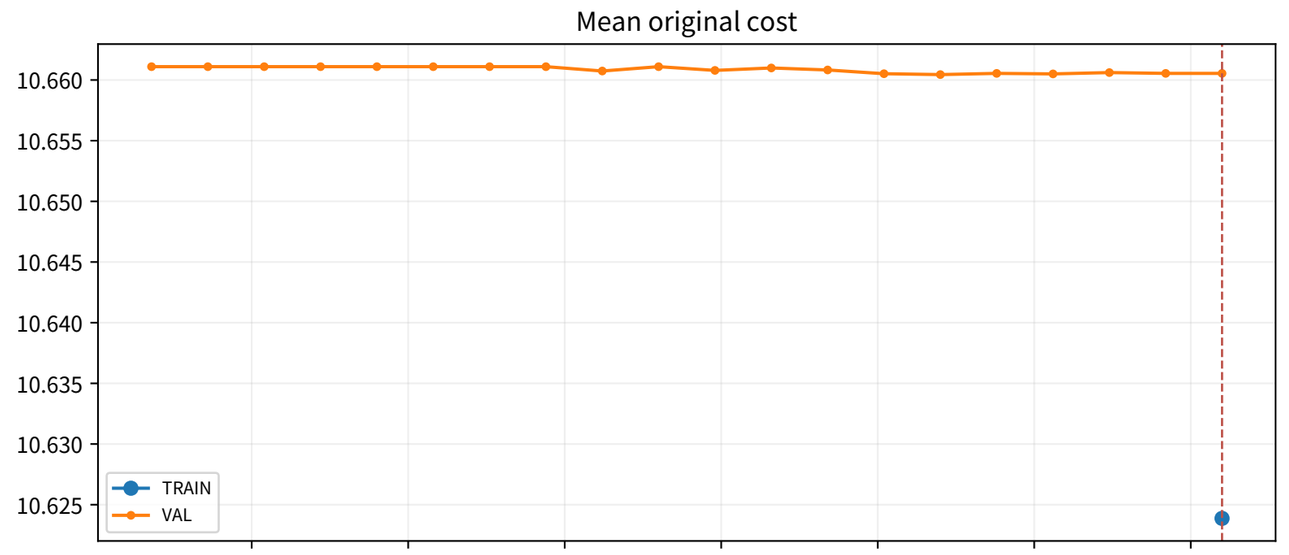

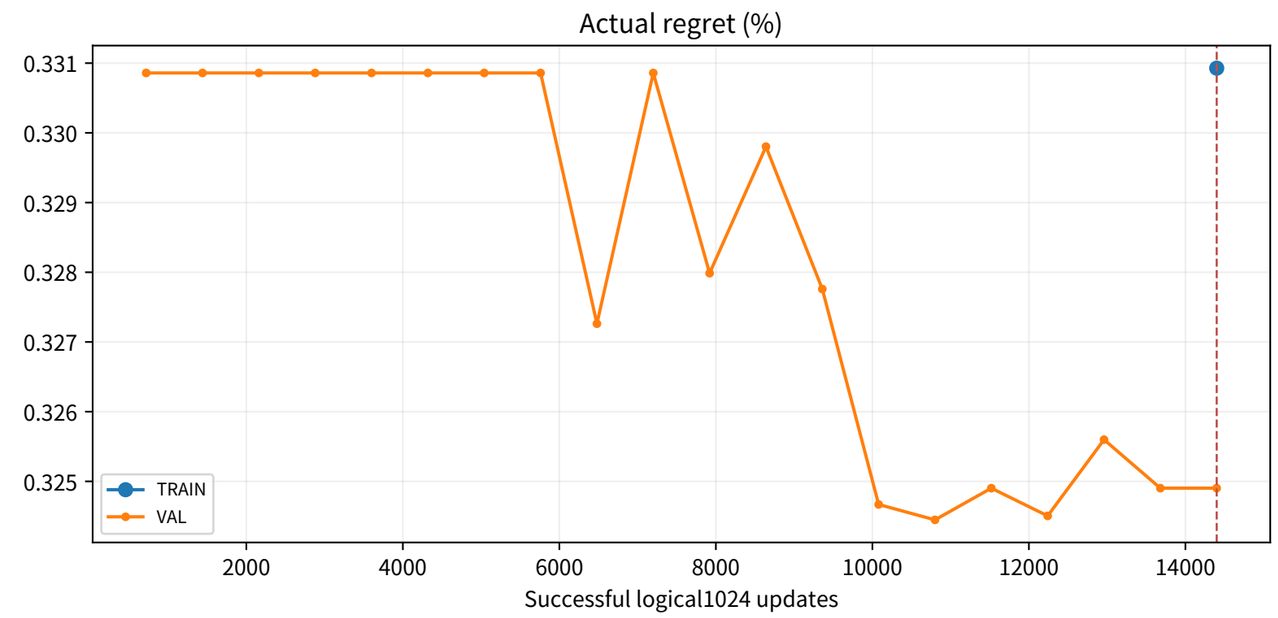

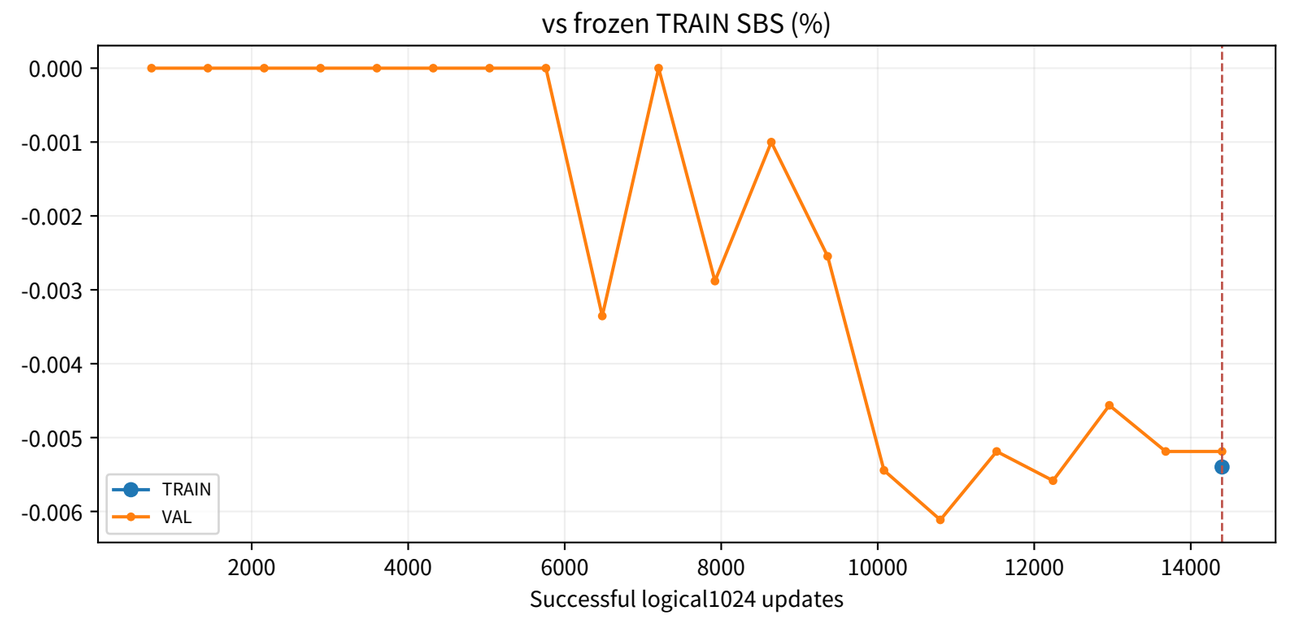

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | OVRPBTW | actual saved full TRAIN/VAL evaluations

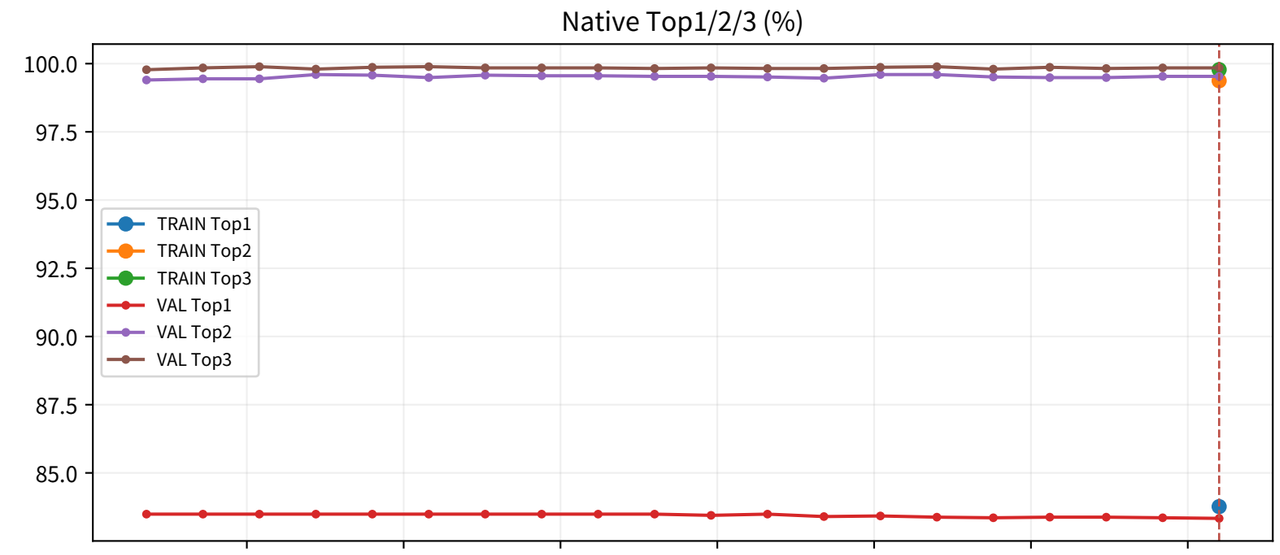

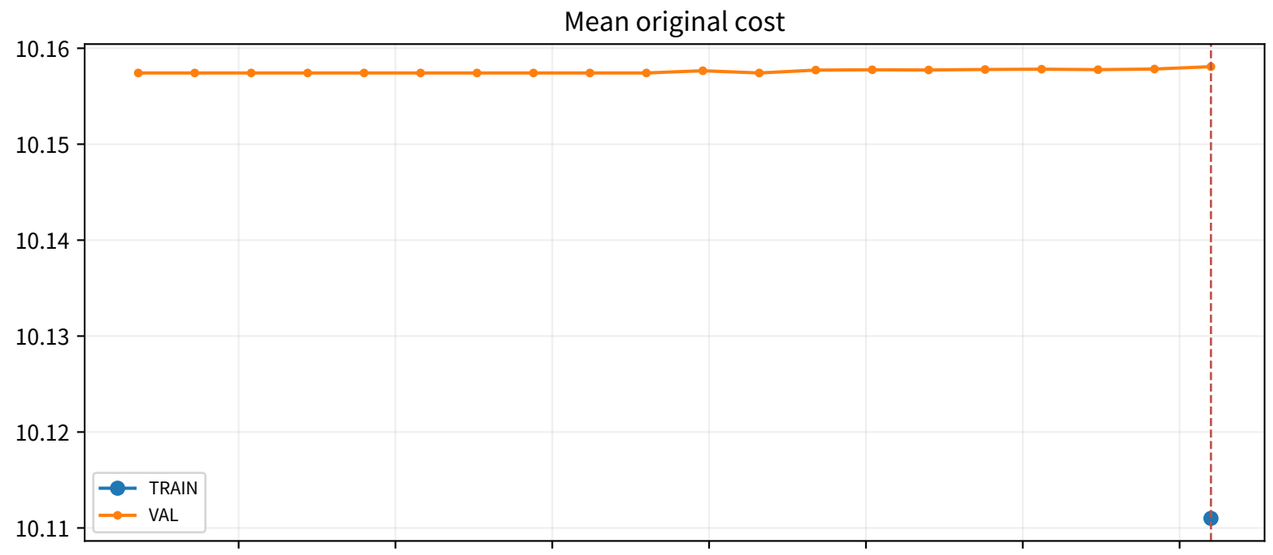

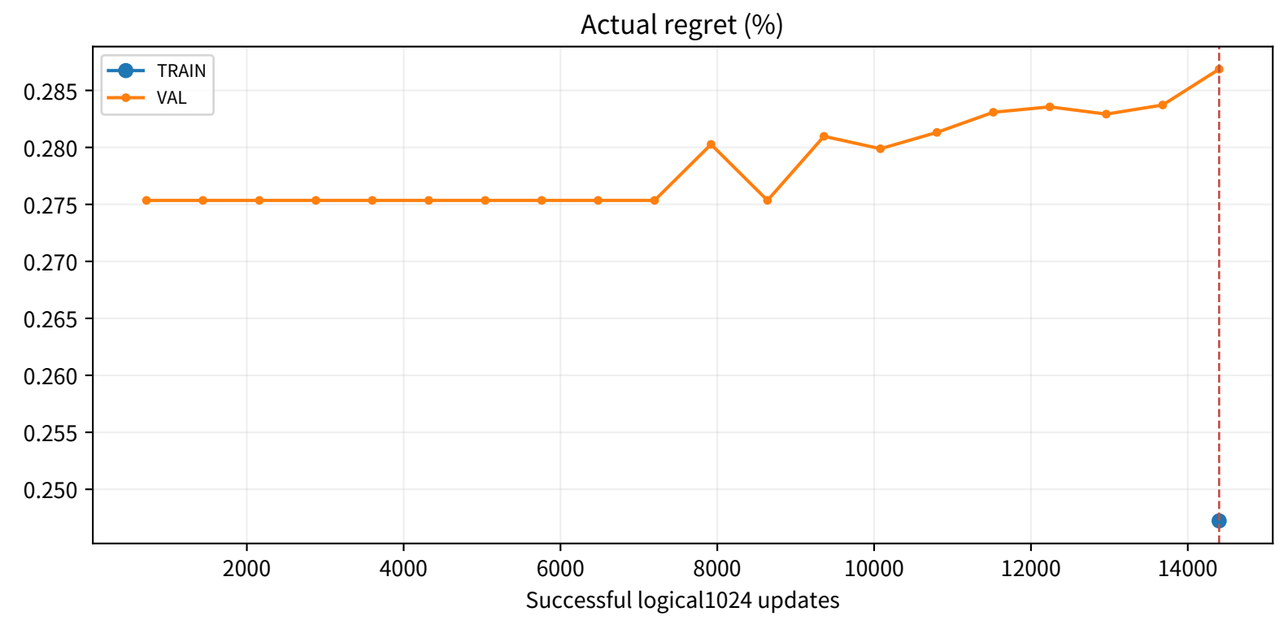

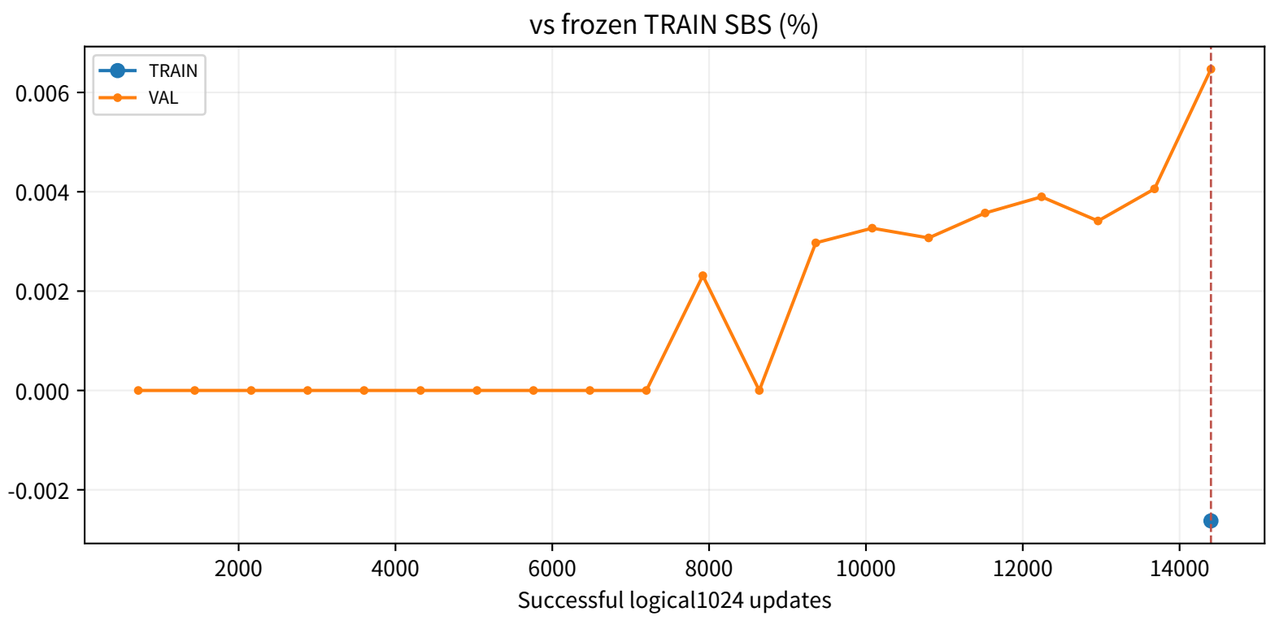

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | OVRPLTW | actual saved full TRAIN/VAL evaluations

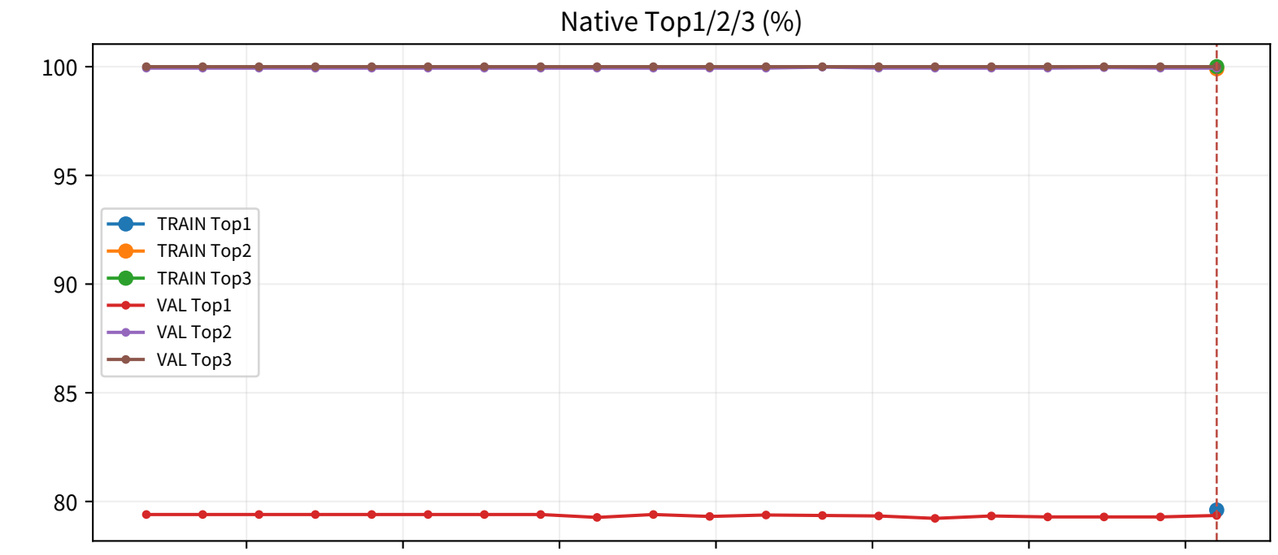

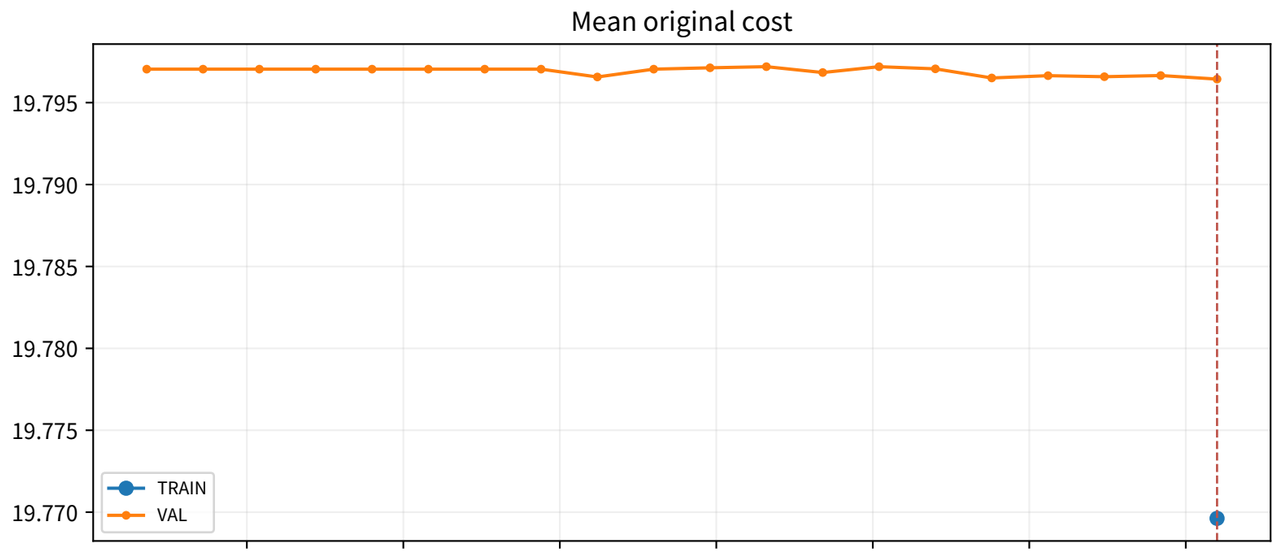

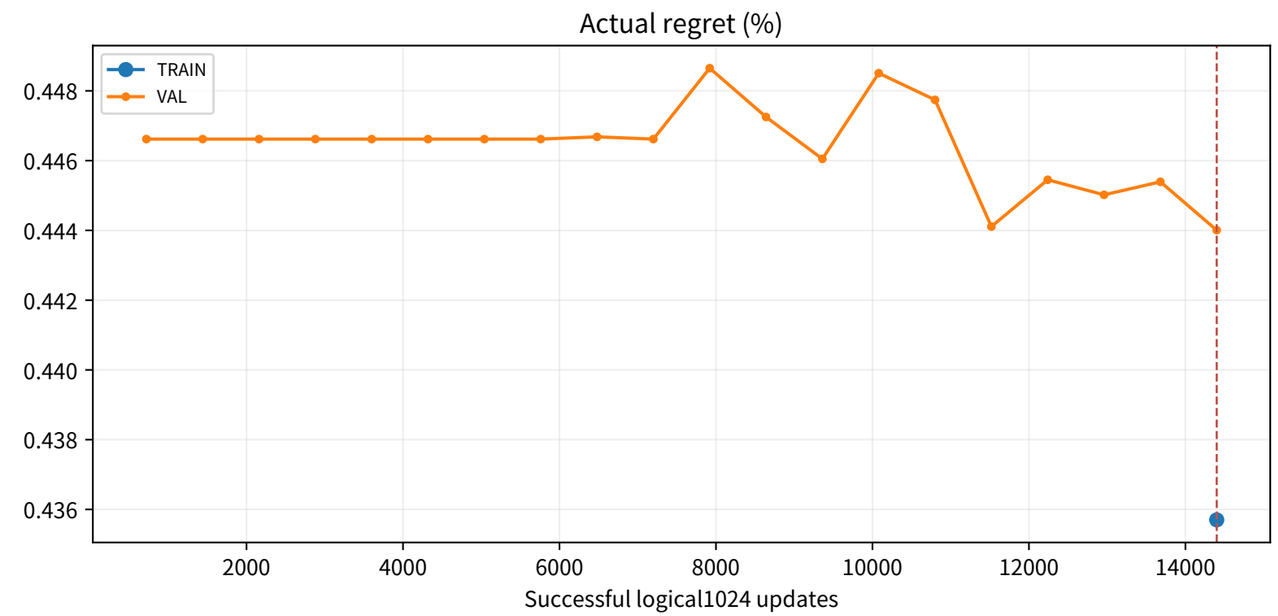

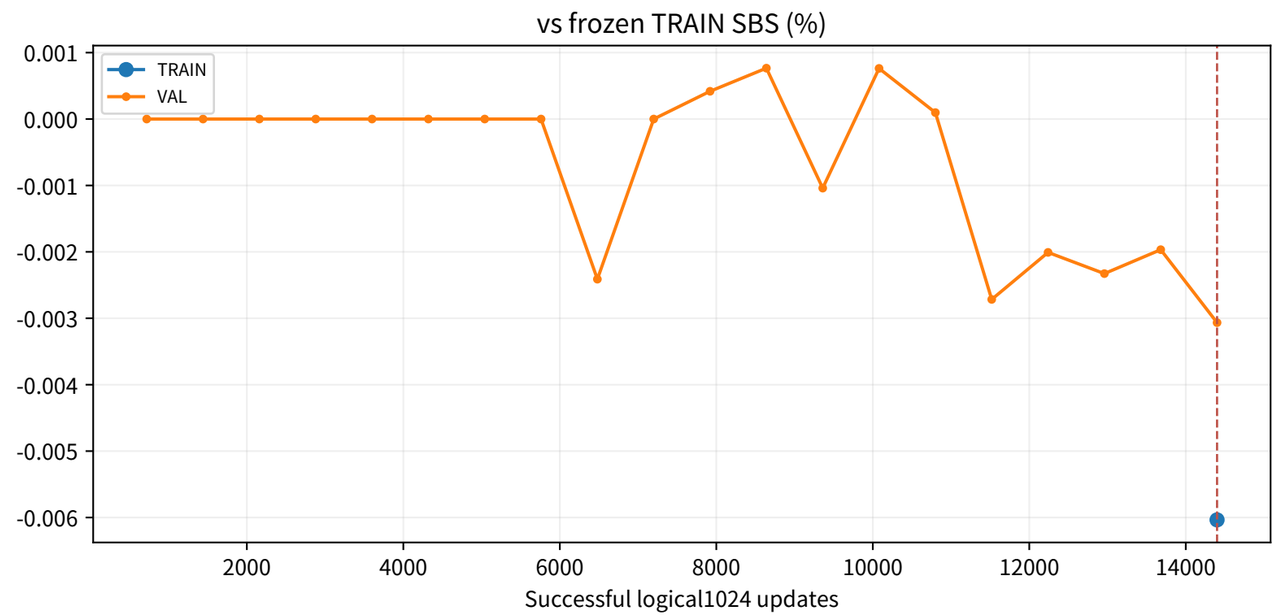

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | VRPBLTW | actual saved full TRAIN/VAL evaluations

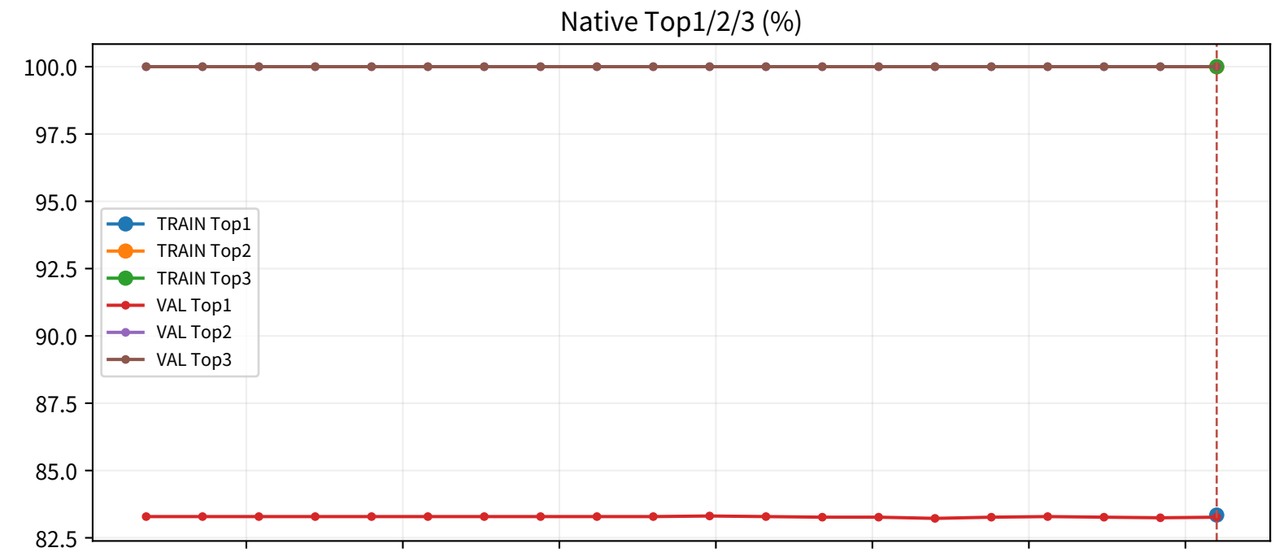

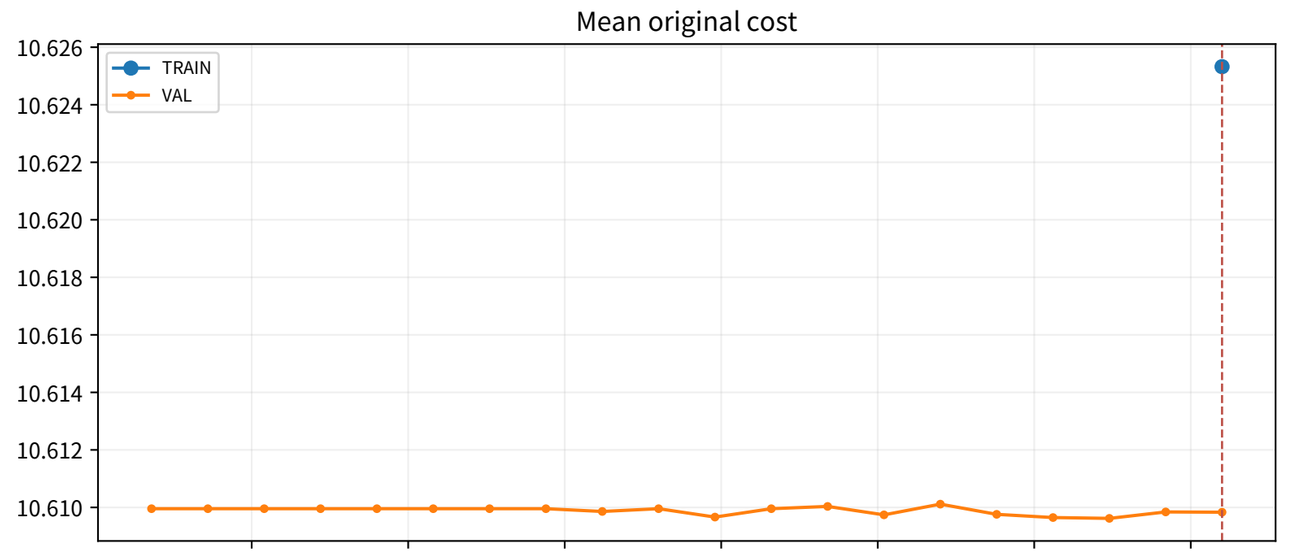

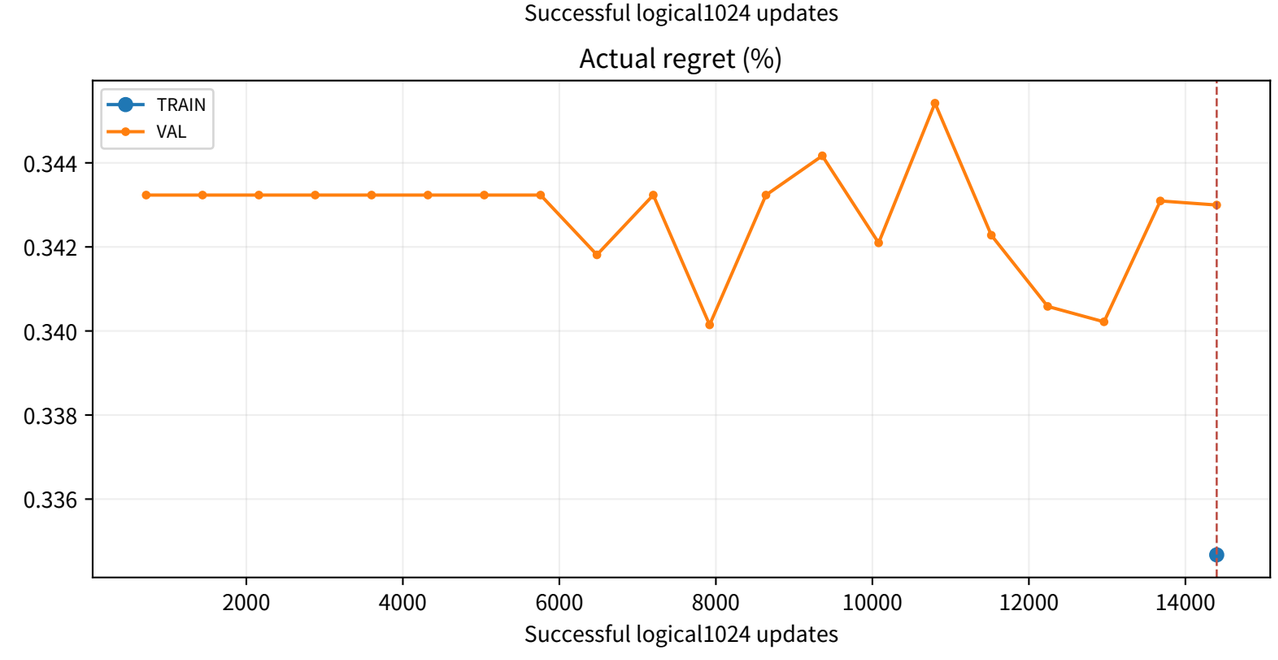

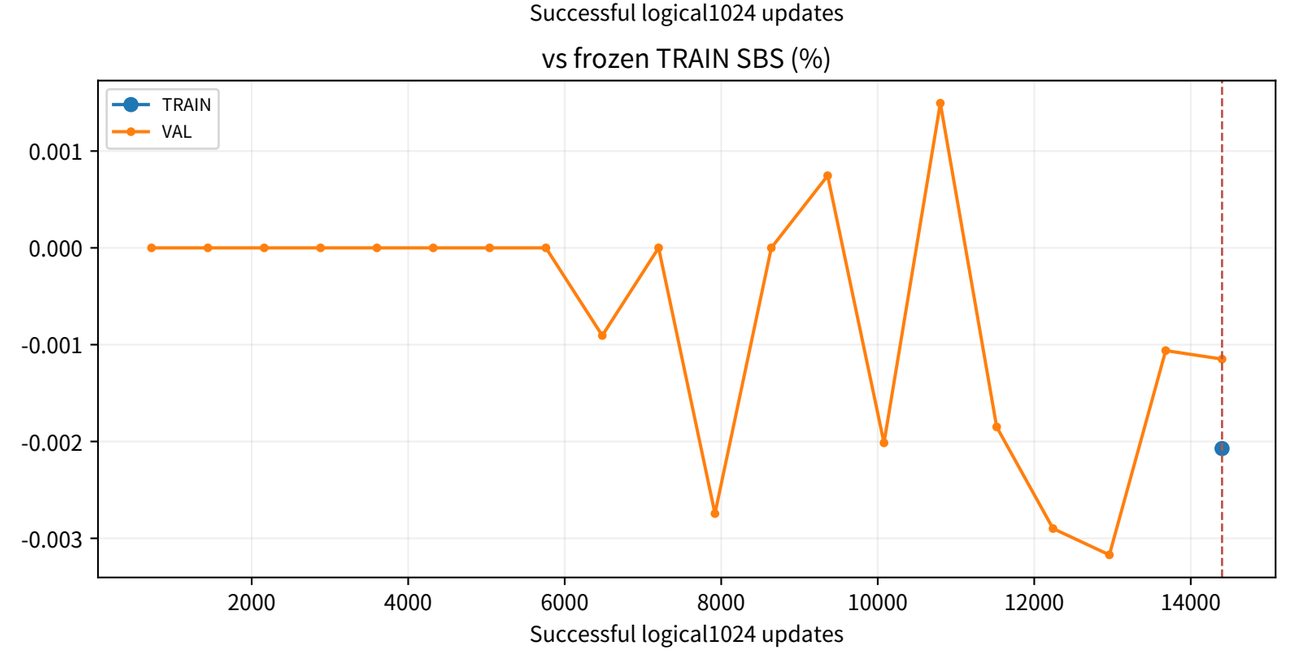

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.

R122/model | OVRPBLTW | actual saved full TRAIN/VAL evaluations

Full TRAIN points exist only where saved; no fabricated dense TRAIN curve. Per-task TRAIN proxy losses were not logged; see global optimization page.
